County sets '82 budget

Major increases go to Chamber, Hyland Crest

Haliburton County council intends to spend \$981,687 on its operations this year, 8.6 per cent more than it budgeted in 1981 and 9.96 per cent more than it actually spent in 1981.

Net levies to the municipalities will rise by 11.69 per cent in 1982, with two municipalities, Snowdon and Dysart, facing levy increases of 20.8 per cent and 16.4 per cent respectively. Other municipalities face more modest increases as assessment changes reflected in apportionment percentages.

Dysart will pay 38.33 per cent of the net county levy, compared to 36.89 per cent last year, while Snowdon's

portion has risen from 3.57 per cent in 1981 to 3.82 per cent this year. The other eight municipalities experienced slight upward or downward changes in their shares of the total county budget.

Biggest increases in the new budget are a \$50,000 grant to the Chamber of Commerce compared to \$16,500 in 1981, and projected increases in the county's share of Children's Aid and Hyland Crest senior citizens home costs. A figure of \$7,500 was also included in the new budget to pay the county's share of an area wide dump study to be completed this year.

Other costs are unchanged or up only slightly over last year.

General Government costs, which include council expenses, mileage, salaries, office operating costs, heat, electricity, interest charges and some 21 other categories, are almost unchanged at \$106,700.

Spending under Protection to Persons and Property is expected to be \$1,300 in 1982, some \$25 less than was actually spent in 1981.

Council's contribution to the county roads department will rise by \$60,000 this year, to \$480,000.

Spending for Social and Family Services has been

projected at \$195,887 in 1982 to reflect actual 1981 expenditures of \$191,229.

Under the Heading Recreational and Cultural Services, council intends to spend \$57,300 in 1982, approximately \$8000 more than they spent last year. Main increase is for the Haliburton County public library system.

Planning and Development spending will be up by nearly \$36,000 in 1982, to \$88,000. The biggest single change in the category is the grant to the Chamber of Commerce, which jumped by \$33,500.

The budget was adopted last Wednesday at a regular session of county council.

Dysart, Snowdon hardest hit

Representatives register 'nay' votes against levies

Two municipalities face substantial increases in their apportionments as a result of the 1982 budget adopted by county council last week.

Snowdon Township taxpayers will shell out 20.8 per cent more to support the county than they paid last year, while Dysart et al ratepayers must ante up 16.4 per cent more money than in 1981. The figures are based on the difference between the portion of 1981 levies paid directly by taxpayers and the portion of 1982 levies they will contribute this year.

Total levies for four municipalities were buffered somewhat last year by apportionment guarantee

grants from the province, but these have been reduced this year, and only Dysart and Snowdon will benefit from them.

In 1981, Snowdon's actual levy was \$22,558, supplemented by a \$3,400 apportionment guarantee grant from the province to make up the total 1981 levy of \$25,958. This year, Snowdon taxpayers contribute \$27,252 of the township's \$29,348 levy, with the difference made up by a projected apportionment guarantee grant of \$2,096.

Dysart's 1981 levy of \$268,238 was made up of \$233,238 directly from municipal taxpayers and \$35,000 from the province in

the form of an apportionment guarantee grant. This year, Dysart property owners must pay \$271,490 to the county, and a \$22,995 grant from the province will bring the total levy up to \$294,485.

The substantial increases for Snowdon and Dysart brought protests from politicians in those municipalities. Snowdon reeve Bob Vick registered a nay vote against the apportionment by-law passed last Wednesday, while his deputy reeve John Francis voted for it. Dysart et al reeve Murray Fearrey and deputy reeve Harold Bannon also registered nay votes against the apportionments.

Fearrey said the municipality intends to appeal the apportionments and will argue that successful appeals against recently introduced equalized assessments have created an 'unfair burden' for taxpayers in the municipality. Dysart has appealed apportionments three times before, and has won changes twice.

Other municipalities in the county were less dramatically effected by the 1982 apportionments. In fact, two will actually pay less this year than in 1981.

Anson, Hindon and Minden's levy rose by \$6,157 or 4.9 per cent to \$131,233.

The Improvement District of Bicroft will contribute \$15 less this year than in 1981, with a total levy of \$9,219.

Cardiff's levy is up by \$836 or 2.4 per cent to \$40,027.

Glamorgan also faces a slight increase of \$556 or 1.3 per cent in its levy, which has been set at \$42,947.

Lutterworth's levy is up by 7.97 per cent or \$3,972 to \$53,780.

Monmouth will contribute an additional \$370 to the county this year, or 1.37 per cent on a total levy of \$27,274.

Sherborne, McClintock and Livingstone's levy is down by about 2.5 per cent, to \$63,537.

Stanhope's levy is up by 1.67 per cent or \$1,259 to \$76,444.

The net 1982 levy to the municipalities is \$768,290 this year, compared to a 1981 net levy of \$684,031, which was supplemented by \$43,100 in apportionment guarantee grants.

Haunting flute music, redolent of snow capped mountains and lush green valleys of the southern Andes, delighted all who attended a series of concerts

put on by Argentinian musician Dario Domingues last week. Domingues played for area school children on Thursday.

County slashes some grants, ups others

Home Support, County fair, social planning council among groups to lose

Despite doubling its total grant spending, Haliburton County council has reduced or eliminated 1982 grants to a dozen organizations and kept grants to several other groups at 1981 levels.

Council will give \$66,300 to local organizations this year, up dramatically from 1981, when \$35,275 was earmarked to support local groups.

Biggest single increase is for the Haliburton Highlands Chamber of Commerce, which will get \$50,000 from the county in 1982. The figure is half of what the Chamber asked for, but a jump of more than 300 per cent over council's 1981 grant of \$16,500.

The grant to the Chamber was the only notable increase in a budget that slashed or cut off support to many groups that had appealed to the county for financial help.

Groups that will get nothing from the county include the Haliburton County Fair, Haliburton County Home Support Services, and the Haliburton County Social Planning Council.

Traditional grants to the Salvation Army, the Canadian Cancer Society, St. John's Ambulance, the CNIB, Canadian Mental Health, Canadian Arthritis Society and the Canadian

Heart Fund, were also eliminated.

Haliburton County Mutual Fire Aid will get \$500 from the county this year, \$200 less than last year.

Grants of \$1000 to the Guild of Fine Arts, \$2000 to the county snowmobile association, and \$500 to the Paudash Trailblazers snowmobile club remain at 1981 levels.

Cardiff Township's information booth will also receive \$500 from the county, the same as last year.

Stanhope airport's \$1000 grant for 1981 was eliminated in 1982.

The Haliburton County

Economic Development Commission will receive \$11,000 from the county this year, \$1000 more than last year, but \$500 less than the commission's chairman requested.

No funds were provided to support the Kanawa International Canoe Museum, despite a request for aid from museum owner Kirk Wipper.

A special grant of \$800 was earmarked to help the student loan fund of the Haliburton Highlands Secondary School Scholarship committee.

The only cut to come under fire was the elimination of the grant to the social plan-

ning council. Lutterworth deputy reeve Glynne Lewis said that if county council did not support the group "it will disintegrate" and that "the county will be the loser thereby."

Lewis said the social planning council, a volunteer group which works for the betterment of social services in the county, has made noticeable strides, including promoting and forming the Haliburton County Advisory Board for Children's Services, and adding to the pressure that brought a full time Children's Aid Society worker into the county. He

Turn concerns Lutterworth, board

Area councils, the board of education and the Minden detachment of the Ontario Provincial Police are concerned about the safety of school children riding a bus that must turn directly into oncoming traffic at an intersection on Highway 35.

Last week, representatives of Northernways Transit, Lutterworth Township, Anson, Hindon and Minden townships and the board watched as a school bus filled with children crossed both lanes of the highway while it tried to manoeuvre out of the Lutterworth Boundary Road and onto Highway 35.

"Even if (the highway) was clear, some one could come onto him before (the bus driver) got back in his own lane," Lutterworth

reeve Ron Gambell said.

The problem arises where the Lutterworth road meets Highway 35 at a 45 degree angle. It is simple to enter the highway safely if travelling north but when the bus turns south, it crosses the width of the highway before it gets back in its own lane.

Since entrances onto highways are Ministry of Transportation and Communication's (MTC) responsibility both councils have asked the provincial agency to review the situation.

"We feel it is very dangerous," Gambell added.

Director of Education, Doug Hodgson, said the board is also concerned over the safety of children but said it could do little other than advise the councils of

the bus' difficulties. Since busing is contracted to Northernways, Hodgson said it was that firm's responsibility to ensure that the travelled routes are safe. He said Northernways had been instructed by the board not to turn onto the highway at that point, until the entrance is straightened.

If an accident occurred, Hodgson said the board's liability insurance would cover court settlements that were not covered by the bus company's insurance.

OPP Sergeant Bill Bailey, who was shown pictures of the bus turning into the opposite lane, said his detachment planning committee would investigate the safety of the intersection and report

Please turn to Page 2

The intersection of the Lutterworth Boundary Road and highway 35, near Minden, is causing questions to be asked by area councils, the OPP and the board of

education. When a school bus, filled with children, attempts to turn onto the highway from the township road it must swing directly into the line of traffic.

Ambulance useage rising steadily

Crews answer 3.5 calls a day, seven times more than when service began

Haliburton ambulance crews responded to an average of almost 3.5 calls a day in 1981, the highest number ever for local ambulances and almost seven times more calls than were received in 1954, the first year there was ambulance service in the area.

Statistics prepared recently by ambulance supervisor Wayne Wood show that Haliburton crews answered 1272 calls last year, 249 more than in 1980, and 1075 more than in the year the service began.

Use of the ambulance service has been rising steadily over its 18 year history, but the most recent figures reflect changes in the method of dispatch.

In years past, ambulances that took patients from Haliburton to Toronto or Peterborough returned empty. Today, trips over 50 miles are cleared through a central dispatch facility in Oak Ridges, near Toronto, and Haliburton ambulances frequently transport patients on the return trip as well. Those additional patient trips are included in the local service's statistics.

Haliburton's first ambulance was purchased by

public subscription in 1954, and in that year, the vehicle responded to 197 calls. Patients were charged \$2 an hour plus 10 cents a mile for the service, and enough revenue was generated to pay crews and purchase a new vehicle every four years.

Prior to 1954, people in need of emergency care were transported by private car, and in some cases, by special train consisting of a locomotive and baggage car that would race the 56 miles to Lindsay from Haliburton village.

By 1961, the local ambulance service was handling an average of one call a day. In 1972 that rose to two a day, and in 1980, it reached an average of almost three calls a day.

Since 1954, Dysart ambulances have travelled 1,483,872 miles, or an average of 87 miles per call. Mileage was higher in the early years when few injuries could be treated locally and most patients were transported directly to Toronto. Today, Haliburton Red Cross Hospital treats most minor injuries, and more seriously ill patients are generally transported to Peterborough rather than Toronto.

Briefly ...

Drivers charged

Five impaired driving charges headed the list of general occurrences investigated by Minden OPP officers last week. Some 54 general occurrences were recorded, including two break and enters, two thefts and two lost and founds.

There were five reportable motor vehicle accidents and one non reportable accident. No one was injured.

'Blitz' nabs offenders

Police laid several charges in Minden over the week-end in a 'blitz' that was precipitated by complaints about rowdy behaviour in the community. On Friday and Saturday nights, uniformed and plain clothes patrols charged four impaired drivers, imposed 12 hour licence suspension on two others, and charged four people with liquor offences.

Police say similar 'blitzes' are planned for other Haliburton County communities in coming week-ends.

Fire destroys truck

A fire that began in a rear wheel completely destroyed a four wheel drive vehicle early Sunday morning.

Giovanni Barbano, 48, of Hamilton was travelling on Highway 118 just west of Carnarvon at about 3 a.m. when his vehicle developed a flat tire.

An ensuing fire spread to the rest of the vehicle and could not be contained.

The vehicle, a 1977 Dodge Ramcharger, was valued at \$5000.

Cars collide

A Minden Township man was charged with failing to yield following a two vehicle collision on the Minden by-pass Friday.

Douglas McClure, 53, was charged after his vehicle collided with another driven by Dean Hewitt, 24, of Minden, at the entrance of a service station.

Damage to Hewitt's vehicle was estimated at \$900, while damage to McClure's vehicle was set at \$600.

Breakin investigated

Minden OPP are investigating a break-in at Hollow Valley Lodge near Dorset.

Police say games machines sustained \$150 damage and \$315 in coins were stolen in the incident, reported at 9 a.m. Sunday.

Vehicles damaged

Two Haliburton men escaped injury last Wednesday when their vehicles collided at the intersection of Birch Narrows Road and County Road #1.

Police say Bill Davis, 39, was south bound on County Road #1 when the front of his car struck the side of a vehicle driven by Blair Pierce, 34, who was turning out of Birch Narrows Road.

Police estimated damage to Pierce's car at \$1500, and at \$300 to Davis' vehicle.

Shoreline closures help fill coffers

When pending closures are finalized, Lutterworth Township will receive over \$13,000 for the sale of 66 foot shoreline allowances.

Lutterworth, the only municipality in the county that routinely processes allowance closures, is in the throes of selling 33 allowances to adjoining property owners. When the sales are

completed, some not for at least another year and a half, the township will receive \$13,186.33 for the property.

The township charges \$250 for the first 150 feet of the allowance and then \$1 for each additional foot. This price does not include administration or advertising costs.

NOTICE

Under the Forest Fires Prevention Act,

The period from April 1 to October 31 in each year shall be a fire season.

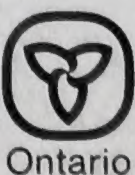

Fire permits are required in a fire district.

- for all outdoor burning except cooking or obtaining warmth
- to ignite fireworks within 1000 feet of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

Too much information getting out'

by SUE COOPER
Staff Reporter

There was no need to note on the public agenda that Anson, Hindon and Minden's comprehensive zoning by-law would be discussed and, in all probability, pass its third reading at council two weeks ago, according to reeve Lloyd Walker.

"I don't see any reason for it to be on the agenda," Walker said in a telephone interview Monday.

At its regular meeting, March 10, council informed the press at noon that the public's business had been completed and only a committee of the whole session to review municipal employees wages, was to be held in the afternoon. The press was assured no other public discussions were scheduled for the remainder of the day.

But minutes of the meeting indicated that council had resumed the regular meeting following the committee of the whole session, and with no press or public in

attendance, gave by-law 82-11 its first second and third reading.

The by-law, which regulates land use in the municipality, has been under study for several months and one public meeting has been held to discuss its contents. Ratepayers believed another meeting would be held to discuss amendments made to the document as a result of the first meeting before the by-law received its third reading.

Walker was hesitant to speak about the matter, claiming the by-law "is just in the making". "I don't give any information over the phone at all, regardless. I've quit that all together," he claimed, "there's too much information getting out and too much bull in the papers. So I just don't give anything over the phone anymore," he said.

Finally, Walker said the comprehensive zoning by-law was unlike other by-laws itemized on the agenda and passed earlier in the day.

"This is a different situation...because it (the zon-

ing by-law) is not complete. Other by-laws, they're on there (the agenda), they're completed and that's it," Walker explained.

"We (the council) don't know what the score is yet, until we get more information on it," Walker said, explaining why the by-law wasn't considered complete when it received its third reading.

Now that the third reading has been given, the by-law will be printed in its present form and prepared for circulation by April 8. Copies of the document will be sent to all ratepayers in the municipality, ratepayers in other townships who live within 400 feet of Anson, Hindon and Minden boundaries, the clerks of the surrounding townships, the

county land division committee and many government agencies, clerk Elinor Burke said Monday.

Once the documents have been mailed, ratepayers will have 21 days to submit formal objections to council. Burke said council will probably try to deal with many objections before the by-law is taken to the Ontario Municipal Board and many

councillors may consider holding another meeting with the objectors to discuss the issues. Any objections not received within the 21 days will still be forwarded to the OMB for consideration at the hearing.

If an objection is resolved, the complainant must submit a formal letter withdrawing the objection to the OMB, Burke said.

Grant to Chamber up more than 300%

Council takes a giant step to support administrative costs, marketing

The Haliburton Highlands Chamber of Commerce was the big winner last Wednesday when Haliburton County council approved its grants for 1982. Council more than tripled its support for the Chamber, agreeing to hand over \$50,000 in 1982 compared to \$16,500 last year.

But the 1982 grant was only half of the \$100,000 the Chamber had sought, and as a result, it won't be able to mount the extensive advertising and promotional campaign envisioned in its budget presentation to council in February.

Included in the presentation was \$28,000 for administration fees for the Chamber and its new Tourist and Convention Bureau, \$10,050 for ongoing marketing and promotional efforts, and \$60,000 to mount a major promotional program in the Toronto area using newspaper, radio, television, or billboard advertising.

Since the \$28,000 administration cost and the \$10,050 marketing costs will be applied to the county's grant, only \$11,950 will be left over for an advertising campaign geared to increase awareness of the area and boost business in the 'shoulder' seasons.

Chamber president Rhonda Elstone had mixed feelings about the size of this year's grant from the county.

"We're very pleased that we've made some headway," she said in an interview Tuesday, noting that the 1982 grant is a significant

step beyond the 10 per cent increase the Chamber has received from county council in past years. But she also expressed disappointment that only \$12,000 would be available for an expanded promotional effort.

"It's going to be very difficult to mount a major ad-

vertising campaign on \$12,000," she said. "We're going to have to sit down and figure out where we can get the best return for that money."

Elstone said the Chamber wants to make the Highlands better known in the Toronto area and in the Golden

Horseshoe, "and our task is to find the best way and the cheapest way to do that."

The Chamber's board of directors has not yet met to discuss what it will do with the additional promotional money, but county council is expected to be consulted on the matter before any decision is made.

Grant cut under fire

from page 1
suggested the budget should be amended to provide a small grant to the group.

But budget committee chairman Jim Harrison de-

fended the committee's decision to cut off aid to the social planning council, saying individual municipalities support the group and that there is "a duplication every time you turn around."

Lewis denied the assertion, however, stressing that "there is no other finance (but grants) for that committee."

Bus turning

from page 1
back to him within a month. He, in turn, will relay the force's recommendation to Gambell.

The owners of Northernways Transit could not be reached for comment.

Warden Ron Gambell came to the budget committee's defense, suggesting that the social planning council might approach local service clubs for help.

"The committee had to draw the line somewhere," Gambell said.

Lewis countered that "there are lines that can be redrawn", and asked if council could consider a grant of \$200 to the social planning council, half of the \$400 it requested.

The suggestion was not presented in the form of a motion, however, and no formal decision to alter the grant list was made before council adopted the 1982 budget later in the meeting. The matter may be brought up again in April when council discusses business arising from the minutes of last Wednesday's session.

Station supporters to attend hearing

At least 256 interventions in support of a Cobourg FM radio station have been sent to the Canadian Radio-Television and Telecommunications Commission (CRTC).

Unofficial sources say the total may be the highest ever received by the CRTC in support of an application for a broadcast license.

Close to 100 Haliburton County residents signed an intervention written by Echo editor Len Pizze, and other letters have also been sent to the CRTC by local people in support of the application of CFMX Communications Ltd. of Cobourg.

The company received widespread publicity and support last year when the CRTC ruled its station was not living up to license requirements. CFMX's classical music format had struck a responsive cord among listeners over a wide area, and the CRTC's decision led to the formation of a lobby group known as 'The Friends of CFMX'.

Two other companies have also applied for a license to broadcast on the 103.1 frequency. The strongest bid comes from Stonehaven Communications Ltd., which proposes a predominantly country and western music station that would also attempt to serve the farming community and other regional interests. The Stonehaven bid is supported by 64 intervenors.

Details on the second application were unavailable.

All three applicants will be heard at a CRTC hearing in Cobourg next Tuesday. Scores of people have indicated that they will speak in support of the CFMX application, and the interests of Haliburton County listeners will be represented by several local residents, including Leopoldina Dobrzensky and Stanhope deputy reeve Elgin Stouffer.

The hearing gets underway at 9:30 p.m., March 30, at Lions Centre, Elgin Street, in Cobourg. Individual intervenors will be heard once the applicants have addressed the hearing, been questioned by commissioners, and had an opportunity to rebut other applicant statements.

Fine levied for tax offense

A Minden area woman was fined \$750 for failing to file an income tax return.

Elizabeth Alrutz was convicted at provincial court in Minden, March 9 of failing to file an individual income tax form for 1979, contrary to Section 238 (2) of The Income Tax Act.

She was given 90 days to

pay the fine or offered the alternative of 30 days in jail.

For the last government fiscal period of April, 1980 to March 1981, 6,273 taxpayers were prosecuted across Canada for failing to file income tax returns. Fines in excess of \$1.5 million were levied, according to a tax department official.

Shoppers who live in Cardiff Townsite will soon have a chance to shop at home. A small plaza, owned by J.

Paul Development Corporation, is scheduled to open in May. Presently no stores exist in the community.

Fire phones acting up: chief

Bell spokesman says Minden system 'the best there is'

by SUE COOPER
Staff Reporter

The Minden fire department has experienced problems with its fire phones during the past winter but a Bell Canada representative does not feel a serious problem exists.

Fire chief Wm. 'Deke' Jackson said Monday that fire telephones have not been operating properly on the last two weekends and that problems have reoccurred since last August. The latest problem is that when a call is placed the fire phone doesn't ring and, naturally, the fireman doesn't respond to the call.

Jackson said the telephone problems were definitely in Bell's system and began when work to connect underground cables in the area began.

Terry Bew, manager of the area repair bureau for Bell Canada, said he was unaware of an ongoing problem with the Minden system. Reading through recent repair schedules, Bew said only three problems have been reported since January, 1982. In January, one fire phone was out of service

Parents protest

from page 2
Street, and to free up one classroom for use as a gymnasium.

The youngsters' parents do not believe tradeoffs are justified, however, and intend to press the board to change its decision. Group organizers are hoping as many parents as possible will attend the meeting next Tuesday night at 8 p.m. at the board office.

when an independent contractor inadvertently severed the underground cable and a problem in the Bell system rendered all fire phones useless on another occasion, Bew said. In the second instance a line to one individual telephone was grounded. That telephone was disconnected from the system and the other fire phones went back into service. During March only one complaint has been received and it concerned only one fire phone, he said.

Although Bew noted that 10 telephones on one line makes it 10 times more vulnerable to breakdowns, he said the Minden system "is the best there is for a rural fire department."

Jackson said the fire department is now testing the telephones each morning to ensure they are operating perfectly. Bew said he felt

the telephones should be checked daily whether problems had arisen in the past or not, since life and property can be threatened if fire calls can't be answered promptly.

Minden includes hazard zone

Anson, Hindon and Minden council has included a hazard land zoning in its comprehensive zoning by-law.

In the by-law's final draft, the hazard land zoning covers an area 66 feet wide on each side of the Gull River and stretches from the southerly end of Anson street to the Orillia Water, Light and Power dam near Highway 35.

The hazard land zoning stems from a provincial government policy, enforced by

Cardiff gets mall

Supermarket, coffee shop to open

Residents of Cardiff townsite will soon have the opportunity to shop at businesses within their own community.

The town, in the Improvement District of Bicroft, has not had a convenience store for many years. Over 200 houses are located in the development.

Joe Paul, owner of the shopping mall, plans to open

the businesses in May. The plaza, comprised of 4,000 square feet, will house a small supermarket with a full-time butcher and a bakery and coffee shop that will be open in the evenings.

Along with those stores, Paul also hopes to make arrangements for a liquor and beer store, banking facilities and possibly a hardware store.

Lutterworth balks at estimate wants quote from other firms

by SUE COOPER
Staff Reporter

Lutterworth Township must undertake another study before it can establish a new garbage dump in the Davis Lake area.

Because the existing dump on lot 10, concession three at the north end of Davis Lake is too close to shoreline residential development and may begin to leach, the Ministry of the Environment (MOE) has urged the township to find another site. The township received Ministry of Natural Resources' approval to establish a new dump site on lot nine, concession four, which is crown land, and began rezoning procedures.

When the MOE said a new dump site was needed, council was told the government department would be responsible for carrying out hydrology tests on the proposed area. But last fall, the ministry told council an independent firm would have to test the area.

Acting on the ministry's wishes, council requested Totten, Sims, Hubicki Consultants to prepare terms of reference and a cost estimate for the study. When council received the estimated cost at its regular meeting last Thursday, it was shocked by

the amount. Township staff attempted to compare the costs of similar studies required in nearby municipalities but none have ever had to provide an independent hydrology study, clerk Wayne Hughes said.

Because the matter was urgent, council opted not to tender the project but to deal with Totten, Sims, Hubicki since it was familiar with the firm's capabilities. Now, council has asked the clerk to seek estimates from a firm in Haliburton and another in Orillia. The Totten, Sims, Hubicki estimate is being kept confidential until prices are received from the other two firms.

Council plans to make a decision on the matter at its April 15 meeting.

Lutterworth unsure on stove inspection

Fear of being held liable in future house fires has made Lutterworth council hesitant to appoint a woodstove chimney inspector although at least one request for an inspection has been received.

Council was surprised when Bill Wilson, municipal fire services advisor of the Fire Marshall's office, ex-

ATTENTION PROSPECTIVE HOMEOWNERS

In 1982, the Canada Mortgage & Housing Corporation will be making available housing opportunities under the Rural & Native Housing Program in the Municipality of Dysart et al.

The program offers the following features:

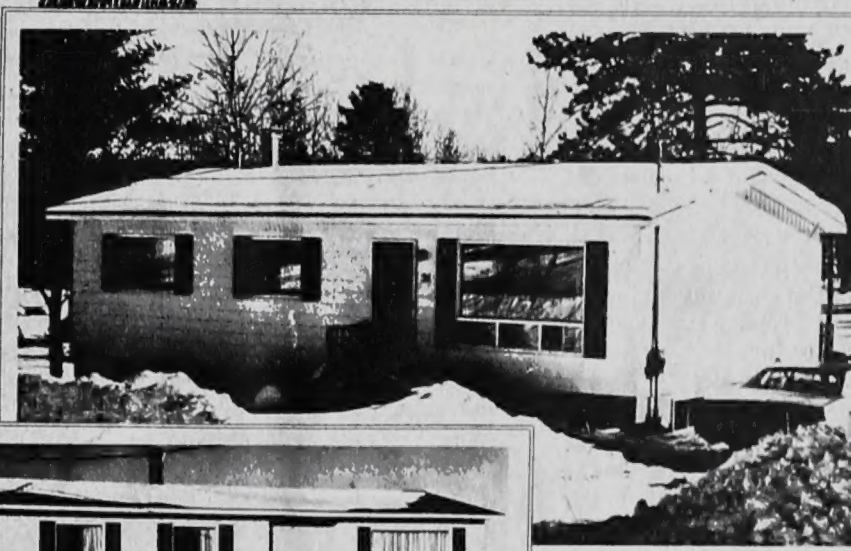

- Homeownership for first-time homeowners and those families living in substandard housing conditions
- Geared to income mortgage payments
- Minimum equity requirements
- New and existing units sold to qualifying families

A representative of CMHC will be in the community to consider applications for this program and provide further information.

For details please contact Mr. D. Stamp at the Municipal Offices or the Peterborough office of CMHC at:

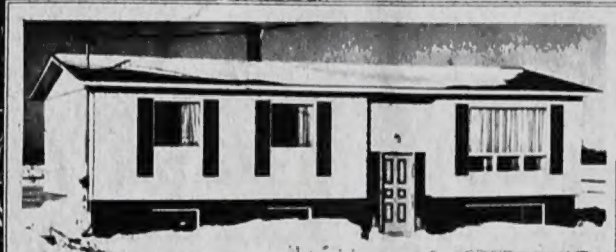

P.O. Box 689
251 Charlotte Street

Budget reform needed

Haliburton County council should seriously consider reforming the way in which its budget is presented. Instead of keeping the document's contents secret until a member of the budget committee presents them to the rest of council, councillors should be given more time to consider the ramifications of the numbers. It is simply too much to expect that members can digest dozens of figures in a matter of minutes and then decide whether or not those figures are acceptable.

When council appoints a committee to prepare the annual budget, it must have confidence that the committee will come back with realistic estimates. But that doesn't mean council is bound to accept the committee's recommendations without question. Indeed, the interests of ratepayers are better served when spending is carefully scrutinized by all elected representatives before the fact as well as after it. Under the present system, however, it is almost impossible for a councillor who has not had a hand in preparing the budget to understand its subtleties before he or she is called on to vote on it. And, as anyone who has tried to work with them can attest, figures can tell a number of stories, depending on how you arrange and interpret them.

Levies to municipalities are a case in point. In the budget presentation, total 1981 levies are shown beside total 1982 levies, with a third column that indicates by how many dollars the levy is up or down. But the total levy figure includes apportionment guarantee grants and does not indicate how much money actually came from local taxpayers' pockets in 1981, and how much money they will shell out this year. Only with a pencil or a calculator is it possible to determine how much the 'net' levies are rising or falling. Thus it was not immediately clear that while the 1982 budget was up only 9.96 per cent, Dysart's 'net' levy was up 16.4 per cent, and Snowdon's 'net' levy, the portion of taxes property owners in that municipality contribute to county coffers, was up a whopping 20.8 per cent.

If councillors were given a few days to work through the figures and prepare questions on them, the budget would be better understood by all concerned.

No right to secrecy

If Anson, Hindon and Minden ratepayers haven't entirely lost patience with their councillors, the end is surely near. The latest episode, in which the most important single by-law a municipality can draft was passed after a committee of the whole session and without appearing on the agenda, indicates that council is utterly contemptuous of the public's right to know how its business is being conducted.

That attitude was cemented by reeve Lloyd Walker in a telephone interview this week. "There's too much information getting out," the reeve claimed, as if council had a right to keep the public's business secret. "There's too much bull in the papers," he said, as if the reporting of facts and the interpretation of them through columns and editorial comment was somehow detrimental to the public interest.

Walker could see nothing wrong with passing a by-law without public notification on the agenda. "This is a different situation," he said, "because ... (the by-law) is not complete." But a by-law that passes third reading is complete. It may be subject to objections from the public and government agencies, and it still has to have an Ontario Municipal Board hearing, but a by-law that is ready to be circulated to every ratepayer in the municipality is essentially finalized.

If, as the reeve claims council doesn't "know what the score is yet", the public should start to worry. Councillors should have control of the by-laws clauses, and should shape the document in response to the long term interests of the community as a whole.

Anson, Hindon and Minden council should know better than to flout the rights the people who elected it. That council has the audacity to think the public should be kept in the dark is a clear indication that November's municipal election can't come a moment too soon.

Readers respond to recent letter

Letters to the Editor

To the Editor:

The letter last week from Leopoldina Dobrzensky is an excellent example of precise presentation of the facts. She has covered so well a response to the list of inaccuracies of Harold Abernethy's that little more is necessary.

But, there are a couple of pertinent comments which should, in all fairness be made. "Harold Abernethy, President." President of what? Does he hesitate to name his company, a proposed Country and Western Contemporary station, because its proposed use of the media is not in accord with the issue, namely, the area's proven need for a totally classical music station? Remember the thousands who formed eight chapters within days in order to support CFMX. That's an audience.

Your paper prints the names of writers of

letters to the Editor. Mr. Abernethy's letter commences with the inaccuracy of stating that "the emotions of your 'unidentified' writer." One was not, therefore, surprised at his subsequent allegations of "distorted point of view" and "inaccuracy".

Yours sincerely,

Jean A. Frazer

Member Haliburton/Minden Chapter

"Friends of CFMX"

To the Editor:

A copy had come to me of your informative 17 February editorial "A Choice We Need" in support of Cobourg's Classical Music station's application for the 103.1 FM frequency which I greatly welcomed. Today, a copy of Mr. Harold Abernethy's 10 March reply to your editorial arrived. In his ignorance that editors never sign their editorials in their own papers, the "uninformed" Mr. Abernethy insults "the very uninformed" "unidentified writer" of the editorial (yourself) for "defending them (CFMX-FM) so

Budget wasn't the only surprise

Editor's Notebook

by LEN PIZZEY

Budget day at Haliburton County council almost always produces some surprises, if for no other reason than that most councillors don't see the budget until it is presented for approval. But last Wednesday's session produced surprises on issues other than money and left more than a few councillors shaking their heads in disbelief.

The first surprise came when Cardiff reeve Malcolm McGillivray and deputy reeve Mack Peters were not in their seats as the session began at 10 a.m. The two are known for their punctuality, and because they have to travel more than 40 miles to reach the county office, they leave early enough to arrive on time even if they are delayed by weather or road conditions.

No one knew where the men were when council got underway, and by 10:30, when the budget chairman was slated to begin his presentation, the Cardiff members still had not arrived. The Warden ordered a coffee break to delay the budget presentation as long as possible, and asked the clerk to check up on the two men's whereabouts. It was soon discovered that they had left Cardiff in plenty of time to make the 10 a.m. deadline, and since they had not phoned to say they would be late, concern mounted. The roads were slippery that morning, and councillors

began to wonder out loud if the men may have had an accident. Police in Minden and Apsley, were notified and cruisers were dispatched to trace their route. By noon, the budget had been passed and there was still no word on the fate of the Cardiff representatives.

By 12:30, councillors headed off for lunch at Hyland Crest home, and still no one knew where Peters and McGillivray were. Finally, a call came in to the county office saying they were safe. They had had a flat tire and by the time it was repaired, they decided to return home rather than continue on to Minden.

But an unspoken question remained. Why hadn't the two men called the county office and saved the council a measure of anxiety it could have done without on budget day.

The second surprise came when the reeve of Anson, Hindon and Minden asked how council's \$50,000 grant to the Chamber of Commerce would be spent. Only a month before, with the reeve in attendance, the Chamber presented a detailed spending proposal for 1982, and provided councillors with bound copies of its presentation. When told that the answer to his question could be found in the document he had been given the month before, the reeve said "Well Mr. Warden, I either didn't get it or I lost it."

There may be many things the Minden reeve doesn't get, but as Warden Ron Gambell was quick to point out, the Chamber's budget proposal wasn't one of them.

Feir Play

Creighton Feir

Every so often you run into people who seem to be concerned about the fact that there just doesn't seem to be enough good clean fun and entertainment anymore in the community where the entire family can get out for an evening. This is possibly true to a certain degree but there is another side to it. Take this winter for instance. There is plenty of sports including hockey, cross country and down hill skiing, snow shoeing, snowmobiling and we could go on and on. Recently, members of the United Church held a fun day at the Haliburton Golf Club with plenty of outdoor sports and indoor activities for members of all the family. The Lakeside Baptist Church members also had a great fun night a couple of weeks ago when they rented the local arena for an evening of skating and a friendly game of hockey plus a buffet supper served in the arena auditorium. Some other functions that could be held in the winter could be skating parties, a horse drawn sleigh ride party and snowmobile tours. Another great concern to most of us in the community is the future of our teenagers. In other words what is there for them to do. Some people have told us that it seems to be very hard to find out just what kind of entertainment that today's young people are looking for. The Community Concern Centre in Haliburton has had some ups and downs but the leaders there are doing a good job of providing some good wholesome recreation for our young people. Many people in the community have said that they are willing to help in any way if something is started that will interest the youth of the community and surrounding area.

Vance and Anna English of Haliburton returned home last week following a two week vacation in Los Angeles. They really enjoyed their visit and Vance was telling me that they attended a National Hockey League game at the Los Angeles Forum and saw Bernie Nicholls in action. Vance said that Bernie looked really good and certainly didn't look to be out of the place with the Kings. It looks as though he is up to stay. He had the hat trick against Calgary last Wednesday night.

Lawrence Welk, who is now 79 years of age, and his musical family is at present on its farewell tour. They were at the Bayfront Centre in St. Petersburg, Florida recently and Mr. and Mrs. Phurness Watt of Haliburton, who spend the winter months there, along with Mr. and Mrs. Bob Brohm, who were vacationing in St. Petersburg at the time, attended the farewell show. They said it was a show that none of them would ever forget.

There is something about this week that is different from the rest. Yes, you can notice a big difference here in Haliburton County this week as we are now in the midst of the annual March break. There appears to be so many people away that some of the communities in our area seem to be half deserted. A great many parents and their children took advantage of this break in the action to take a vacation. On the other hand it's very encouraging to see so many visitors back for a holiday in the Highlands. Many local people are in the sunny south, but this year we were quite surprised to learn that a large number of local people were spending the winter break at the ever popular Haliburton Forest and Wildlife Reserve Ltd., and we understand that there is still good snowmobiling there. Quite a number of couples from Haliburton took advantage of the March break for a skiing trip to Vermont in the U.S.A. while others took this opportunity to view the bright lights in Toronto.

The annual Easter Seal Campaign is at present getting underway here in Haliburton County. Throughout Ontario, 237 service clubs affiliated with the Easter Seal Society will be aiming at a provincial objective of well over \$3,000,000 needed to maintain essential rehabilitation of services for thousands of Ontario's physically handicapped children. The Easter Seal Campaign which started one week ago on March 17 will run through until April 17. The Rotary Clubs of Haliburton and Minden are in charge of the campaign locally and are looking forward to receiving your donation. In 23 offices across Ontario, there are 37 public health nurses, specializing in pediatric rehabilitation, who offer consultative services in the care and management of physically handicapped children in home and community. Through Easter Seal funds, parents are assisted in meeting the costs of artificial limbs, braces, wheelchairs, etc. needed by their children.

Cheri Bruce, daughter of Mr. and Mrs. John Bruce of Haliburton Lake who is the Haliburton Rotary Club's Exchange Student in Brazil is now with her third host family. She has just returned from a trip all around Brazil. From all reports Cheri is having a wonderful time and speaks Portuguese quite well now. She is expected to be home at the end of May.

Why not put your time to good use and help the 4 C's celebrate their first anniversary. Yes, it's a Birthday Party Open House on Saturday, April 3, from 11:00 a.m. to 4:00 p.m. at the 4 C's house on Highland Street in Haliburton.

In speaking with many people who were in attendance they tell us that the Minden Figure Skating Club presented their best ice revue in the club's history. The sellout crowd really enjoyed the show which was staged at the Minden Community Centre on Sunday afternoon, March 14.

VIEWPOINT

Pic of the Past

We are very grateful this week to Mrs. Frank Howe of West Guilford, Ontario for submitting this most interesting photo taken in the year 1912 showing the family of Mr. and Mrs. Byron (Barney) Howe of Donald, Ontario. The late Barney Howe was well known in this area and was one of the first men to work at the

Standard Chemical plant in Donald when it was in operation. Front row from the left: Etta (Mrs. Jack Thomas), Frank Howe (4 years old). Back row from the left: Mrs. Byron Howe, Flora (Mrs. Woods), Byron Howe and the baby Nellie (Mrs. Northey).

Opposition protests House holiday

Queen's Park Report

by John Eakins, MPP

After a two and a half month adjournment the Legislature got back into session and after 10 days of operation the government decided the place should shut down for a week's holiday. Many constituents shake their heads in wonder, and I agree with them.

The opposition parties objected to the closing, but the government with their majority forced it through the House. Either the House should be recalled earlier and then take the school break, or start later in March. Actually the House, I feel, should sit longer in the winter.

Has the government finally recognized the importance of agriculture to the economy of this province? It is to be hoped that the "Mandate for the 80's" recently tabled in the House gives the necessary recognition.

For a long, long time, the Liberal Party of Ontario has called upon the government to implement a comprehensive strategy for Ontario's farming and food processing industry. The ad hoc band-aid solutions which have characterized the government's agriculture policy in the past can no longer be tolerated.

Solutions must be found for the critical problems of this vital industry. Year after year, there has been a constant decline in the percentage of the financial resources which this government has grudgingly given to agriculture and services to farmers.

The statement by the Minister is an admission of this government's failure to protect and preserve our agriculture industry and land base.

The government must now show clearly that it is serious about achieving self-sufficiency in food production.

High priority must be given to conserving for agricultural purposes the land which, by virtue of its soil and climatic conditions, provides the maximum potential and flexibility for crop production.

It's imperative that we reverse the continuing erosion of Ontario's prime agricultural base.

The farming community needs assistance now. There is no time to be lost. We cannot risk the loss of more farms to bankruptcy and forced sale.

If agriculture is to be maintained as a viable industry in Ontario, the government must take action without delay, before the deterioration of our farming community reaches the point of no return.

We welcome the Government's statement, with its admission of the importance of agriculture to Ontario's economy.

We shall judge its real intentions by its actions, which we - along with the farmers of Ontario - anxiously await.

Serendipity

by SUE COOPER

The fact that Isabelle Gibbs' 50th anniversary as organist for St. Peter's United Church in Maple Lake is not honoured with a photograph in The Echo this week, deserves explanation.

On Monday evening neighbours surprised Miss Gibbs by hosting a dinner in her honour at Maple Sands Resort on Maple Lake. The township of Stanhope as well as the congregation bestowed gifts of appreciation on her.

After serving the church longer than any minister, Miss Gibbs will surely be remembered for many years to come.

Reverend George Elliott made a special effort to send a written invitation to the newspaper weeks in advance, hoping we would cover the event. His consideration was appreciated and I did indeed travel to the resort on one of our busiest nights of the week to photograph the presentation.

However, humans are imperfect souls. With Tuesday rushing by, only the film with Miss Gibbs' photograph captured on it remained to be

Report from Parliament

by Bill Scott, MP

Federal finance minister Allan MacEachen is being called on to publish a full explanation of what he meant by the phrase "taxation of imputed income" in his October 18, 1982 budget. Mr. MacEachen owes it to the Canadian people to set their minds at rest and either confirm or deny that this confusing and ridiculous concept is being seriously considered by the federal government.

Stated simply, MacEachen's view is that Canadian homeowners who are living in their own residences, and not paying or collecting rent on

CRTC will decide fate of station

More letters

from page 4
stupidly!"

That letter of Mr. Abernethy's was ably answered by Mrs. Leopoldina Dobrzensky, Executive Liaison of the Haliburton-Minden chapter of our Friends of CFMX Citizens' Committee. But, as Publicity Coordinator of our organization, I cannot refrain from writing you as well to correct other inaccuracies in Mr. Abernethy's letter. The five points on which fact is at variance with that letter are:

(1) Mr. Abernethy's denial that the CRTC will be "deciding the fate of the former Cobourg FM station" was itself in error because the CRTC authorized the station to apply for a new licence and has tabled the application of CFMX Communications as well as that of Stonehaven Communications of which Mr. Abernethy is President;

(2) The statement that industry believed CFMX-FM had "little or no audience" may have been true according to inadequate trade poles but the fact is that CFMX-FM's more than 250 Interventions against Mr. Abernethy's sixty or so proves that CFMX had a wide listening audience which is both dedicated and determined to get it back on the air;

(3) In denying that CFMX-FM is offering "a service that the two other applicants for CMFX's frequency of 103.1 have no intention of providing," Mr. Abernethy is completely wrong. CFMX-FM offers 95 per cent Classical Music content (some 14 or 16 hours a day) against 8 per cent Classical music proposed by Mr. Abernethy (8 per cent or 10 hours a week) which he infers is comparable!

Mr. Abernethy's salesmanship-provess dangerously oversteps itself when he charges that: (4) "The owners and operators of the station you defend broke the law." Had CFMX-FM broken the law, the CRTC (as a quasi-legal body) would have revoked the licence of the station rather than simply not renewing its licence. Let Mr. Abernethy come up with definite factual evidence on this allegation or withdraw it since he is in no position to speak for the CRTC;

and (5) "The real issue (in this case) is not music but money" and that "The former Cobourg station went off the air...primarily because they

could not generate enough money to operate properly (since) that station could not provide the audience." In other words, the fact that the advertisers did not know that CFMX-FM had the large and dedicated listening audience it has seems to be the reason the station had to run on a shoestring. So, now that we have alerted them to the fact that 1778 petitioners have implored the CRTC to give us our Classical music station and our Friends of CFMX have more than two hundred active members working to get back our station, the money-argument would appear to have lost its validity. And one can scarcely agree with Mr. Abernethy that "money not music" is the basis on which the CRTC (a cultural body) will make its decision.

In summary, I can think of no better way to close this letter than by giving Mr. Abernethy back his own words in counselling him to do "better research" in the future than has been evidenced in this letter of his to the press. And, trusting that a good representation of CFMX-FM supporters and members of our organization from your vicinity will be able to join us at the Public Hearing at the Lions Centre in Cobourg the end of this month.

I am,

Very sincerely yours,
Muriel Miller-Miner
Publicity Coordinator,
Friends of CFMX,

Anglers, hunters condemn gun bill

The Ontario Federation of Anglers and Hunters has demanded that a private member's bill to establish a firearms possession certificate (FPC) be withdrawn from parliament.

Tom Walters, of the federation's Peterborough office, said Monday the organization has written to former solicitor general Warren Allmand, who introduced the bill. Claiming the proposed bill is "oppressive" and would cause law-abiding citizens "undue hardship", Watson said the federation felt an FPC regulation would be waste of time and effort for sportsmen and for police officers who would process the permits.

Like the Firearms Acquisition Certificate (FAC) legislation Allmand also introduced, the FPC does little to keep firearms away from the criminals, Watson said. Instead of requiring sportsmen and hunters to obtain more certificates, Watson suggested the government should channel its energies towards educating the public in the safe handling of guns.

"It makes sense for anyone buying a gun...to have safe gun handling practices," he said. Under the

current FAC legislation, applicants are refused a permit to buy a firearm if they have a history of violence or a serious criminal record.

"If a criminal wants a gun, he doesn't buy it at the store," Watson added.

Watson noted most private members' bills fail to pass their third reading and suggested Allmand's bill was testing the reaction of the citizens. If the FPC is not opposed, Watson said, there is a good chance it will return to parliament as a government bill.

If passed, Bill C-451 would require all firearms to be registered and any person in possession of a firearm or ammunition without an FPC could face a two year jail sentence. If an FPC is denied to an applicant or is not renewed, his firearms could be confiscated. Possession of a single cartridge or shell could also be considered a criminal offence. Owners of gun collections would have to apply for a FPC and if the collection was ever passed on, the new owner would have to apply for a certificate.

The anglers and hunters federation represents 28,000 members across the province.

Walling's rink wins seniors' first series

With the exception of the Jim Holmes, Doug Seeleys and Jim Grants all the senior Haliburton curlers turned on Thursday last to close out a very successful season.

Les Walling's rink of Eleanor Holmes, Nick Nimigon and Mimi Carson were presented with very attractive figurines for going through the first series undefeated. The second series for the Hal-Min Trophy was taken by Jim Holmes' rink of Eleanor Holmes and Doug Seeley. Runners-up for the trophy was Bill Mighton's rink of Stuart and Marg Martin. Available spares usually filled out these rinks.

The seniors group has grown from a small beginning early last fall to a very active and congenial club of eight rinks. It is hoped that all of these curlers will be back again next fall since the experiment of building a mixed seniors group has proven a success - and ladies under the able supervision of Peggy Bassett did so much to enhance a spirit of friendly

competition and sociability.

Les Walling took a strong rink of men curlers to Bobcaygeon last Saturday to their annual sponsored Sr. Spiel. Walter Webb, John Bassett and Tom Stinson helped Les to win two games - also losing one by only a point on the last rock. Minden Srs. took two rinks

Haliburton Huskies defenseman Scott Arbuthnot was named the top defenseman in the Georgian Bay Junior C. league recently, and Friday night in Huntsville, he was presented with a trophy to mark the accomplishment.

Controlled hunt scheduled

Program helps to relieve hunting pressure on herds

Controlled moose hunts will take place again this year in the Opasatika Lake Management Unit (Wildlife Management Unit 23) and Horwood Lake Management Unit (Wildlife Management Unit 31) to relieve hunting pressure on the herds in that part of the province's northern region.

The areas involved are the same as last fall: South of Highway 11 between Kapuskasing and Hearst and East of the Chapleau River between Chapleau and Elsas.

The controlled hunts will be during the regular moose season, which will be October 18 to November 15 in Unit 23 and October 18 to October 31 in Unit 31.

Hunters whose applications must be received by the Ministry of Natural Resources Wildlife Branch in Toronto by April 30, 1982, with proof of previous hunting experience, will be eligible for a computer draw. The draw's purpose is to limit the number of hunters in both units. Application forms, may be obtained from any ministry district office after March 17, 1982.

The Unit 23 controlled hunt will be limited to 1,200 resident hunters and Unit 31 to 1,100 residents.

Last year's procedure will

again be followed, with selected applicants receiving a special stamp to affix to their regular moose licence.

In addition, a limited number of special stamps will be allocated to resident and non-resident hunters who are clients of tourist outfitters operating in these areas.

Ontario residents who were unsuccessful in both the 1980 and 1981 Opasatika and Horwood hunt draws will be assured the highest

Final series set for Haliburton men's league

The final series of the Haliburton men's recreational hockey league will get underway next Monday night with Emmerson Lumber facing off against Bishop and Wilson.

The Emmerson Lumber squad earned a spot in the final by defeating Curry Motors in semi final action, two games to none.

Bishop and Wilson advanced to the final after edging out Haliburton Lumber three games to one. Game time is 8 p.m.

Midgets lead series

Local boys win second overtime game

Haliburton's OMHA Midgets knotted another win last Wednesday night in Wellington taking a lead in the current series. In a local fought battle that led to overtime as in game two, the local boys came home victorious.

Haliburton opened the scoring early in the game with a goal by Kelly Mitchell at 2:13 of the first period. Assists were credited to Kevin Warburton and Bernie Upton. Only four minutes later, Wellington tied the game on a power play that left the score one apiece at

the end of the first period.

The line of Warburton, Mitchell and Upton, a line that has proven to be very effective in two games, started off the second period by putting Haliburton in a 2-1 lead. Scoring was Warburton, unassisted, at 2:27.

The second period held a number of scoring opportunities for both teams as end to end action left hockey fans in disbelief at the superb goaltending of Haliburton's Dave Storey and Wellington's Al Simpson. Both goaltenders came up with absolute robberies when goals seemed to

be there for the taking.

Haliburton maintained commanding pressure throughout the second period until Wellington's Ted Keller made an end to end rush and beat Storey on a crucial goal for Wellington at 11:21, which left Haliburton players talking to themselves under the deafening roars of the Wellington crowd.

In the third period, action was close with excellent forechecking and endless backchecking from both clubs. Although no scoring took place, both teams utilized valuable power plays hoping to end regulation time as victors, but excellent goaltending was a definite highlight of the game.

As in game two in Haliburton, referees insisted on only a two minute rest period, on ice, in between regulation time and the 10 minute overtime. As coach Derrell Stamp regrouped his boys and pointed out areas of concern, it was evident "Big Blue" were hungry for a win.

Fish sanctuaries created

Two fish sanctuaries have been created in Haliburton County to protect spawning pickerel.

The Drag River between Bailey's dam and Head Lake in Haliburton village will be closed to fishermen between April 1 and the Friday preceding the second Saturday in May.

As well, the Burnt River between County Road #3 and Blue Hawk Lake will be closed for the same period.

The sanctuaries are included in the 1982 summary of fishing regulations now available from the Ministry of Natural Resources.

HELPING HAND FOR FARMERS

THE PROGRAM

New criteria for the 1982 Ontario Farm Adjustment Assistance Program will help more farmers re-structure, re-organize and consolidate viable farm enterprises facing financial difficulties.

In addition to direct financial aid, farm business management counselling is provided.

This program has three participants: the farmer, an approved lender and the Ontario Government.

ASSISTANCE

Farmers can take advantage of one or more of the following options:
1. Deferral of interest by the lender on loan(s) for a period of six months backed by a Provincial guarantee. During this time, the lender will not compound the interest.
2. An interest reduction grant on floating-rate loans and short term, fixed-rate operating loans. The maximum grant will be 5% and will not reduce the interest rate below 12%.
3. An additional line of credit for operating purposes only, guaranteed by the Province of Ontario. This new credit would be provided by the lender at the prime rate.

THE NEW CRITERIA

The farmer must have equity in the farm business of at least 10% and not more than 60%, a new upper limit. Present interest and principal payments must exceed 20% of operating costs.

The farmer must prepare a farm viability plan based on sound production and financial management and carry out this plan.

The total value of food or tobacco products produced on the farm in 1981 must exceed \$12,000, a reduction from \$25,000.

APPLICATIONS

For further information on this program and application instructions see your lender or visit an OMAF county office or write: 1982 Farm Assistance Program, Queen's Park, Toronto, Ontario M7A 1B7

Wilberforce's goalie made a quick save in one of the scheduled tournament games, Saturday. Complete results of the Monmouth Cup could not be obtained before press time.

Wilberforce players went down on the ice to protect their goal from a Minden player who was eager to score. This was a valiant attempt, but Minden won the match 11-5. Complete results of the Monmouth Cup were unavailable.

Midgets win overtime game

from page 6

At the beginning of overtime, Wellington received a minor hooking penalty only 23 seconds into the period. Taking advantage of the opportunity, Haliburton ap-

plied a power play that put the icing on the cake. Kelly Mitchell rifled home the winner in only 15 seconds on a pass from Scott Rae who was assisted by Barry Boice. Haliburton fans were ecstatic

and pressures on the bench were mounting as there was 9:12 remaining on the clock. Haliburton sparked in overtime action as the addition of the Bantam's Cory McKnight and Mike Mac-

Naull who played tremendous hockey, supplied extra bodies, creating an edge over Wellington as they insisted on going with their best. In the remaining nine minutes of play, Wellington found themselves defending their end as Haliburton controlled the play. With the final seconds slowly counting down and going with six attackers, Wellington failed to materialize any sort of play. At the sound of the final

buzzer, the Haliburton players poured off the bench to celebrate, and long distance calls quickly carried news of the victory back home.

Haliburton now leads the series 2-1 with game four scheduled on home ice Sunday, March 28, at 3 p.m.

With possibly only one game between the Midgets and the Ontario Finals, players and coaches are urging fans to come out and support this championship team.

Henderson bowls Sting Ray high

Intended for last week - Flo Henderson was high bowler for the Sting Rays with 258 and a 630 triple and helped to keep the Sting Rays in top position last Wednesday. They now have 46 points and a high total of 104 points with two weeks left in the series. Other team standings are: Miss Fits, 30; Pelicans, 26; Sky Sliders, 23; Thunderbirds, 16) and Sky Larks, 11.

Other games 200 and over were rolled by: Norma Parish, 229; Gord Bennet, 228; Kay Barry, 228, 224, 207, 659 triple; Betty Yatemann, 269; Ev Stata, 231, 240, 651 triple; Freida Handy, 214, 602 triple; Mary Lou Bird, 245; Ev Perrin, 208; Wendy Kirkpatrick, 201; Wilbert Gibbs, 205; and Vi Cornish, 201.

Men's high single was Gord Bennet's 371; ladies' high single was Muriel Peters' 304.

Bloopers move to fourth spot

from page 6
were bowled by Jack Bassett, 234, Ruby Francis, 237 and 232, Linda Salvatori, 202, Eleanor Young, 211, Eva Piper, 266 and 217, Gloria Nimigon, 223 and 226, Harry Henderson 228 and 209, Nick Nimigon, 215 and 215, Lloyd Boskett, 287 and 235, Virna Wagg, 234, Millie Boskett, 204, and Tom Hurta, 225, 225 and 225.

Men's high triple was Gord Bennet with 758; Ladies' high triple, Ev Stata, 731.

Men's high average was Jim Grant with 203; Ladies' high average was Frieda Handy with 195.

Referee Claude Parish keeps a close eye on the play during the Monmouth Cup, Saturday. Blackstock here contending with an equal team from Wilberforce

was one of the many teams invited to play in the one day event.

Senior curlers

from page 6
skipped by Jim Burton and Hal Burton.

Minden Seniors Group will close out the season Monday afternoon with some curling - presentation of prizes and a fine supper prepared by their ladies section.

Lutterworth discusses inspections

from page 3

plained that the clerk, by virtue of his office, is an assistant to the Fire Marshall and has the authority to inspect any building that might be deemed a fire hazard. Council had asked Wilson to attend the regular council meeting last Thursday night to discuss whether the township should inspect wood

stove and chimney installations.

Under the building code and the new fire code, the township has the right to appoint inspectors who are required to view all installation plans, Wilson said.

However, councillor Bill Prentice was concerned the township was not capable of handling the inspections and

wondered where the responsibility would lie if a house which had been inspected was destroyed by fire. Other councillors supported Prentice's concern, noting that uninformed operators rather than poor installations are the cause of many fires.

Wilson agreed it is difficult to say an installation would never cause a fire, since even ULC approved chimneys are rated to withstand only 1,000 degrees Fahrenheit while creosote built up in the chimney can burn at 2,000 degrees Fahrenheit. Wilson

suggested council find out if prevention services are provided by the three fire departments which protect portions of Lutterworth. He also suggested asking Peterborough to provide a copy of its new fire prevention by-law if council wished.

Happy Gang News

by Watson Anderson

Over the week-end we seeded some geraniums. It is quite a wet job because they have to be soaked in water 48 hours to begin with, then placed in flats or paper cups that have good drainage and have been drenched before the somewhat swollen seeds are planted in rows or singly. These are placed in clear plastic bags for a week, then under lights for a week, after which the plastic is removed, leaving the seeds a good productive future with the odd repotting or transplant meanwhile. All seeds are characters, cheerful or not,

funny or serious, aggressive or easy going, not at all like the flowers, all of which are beautiful and deserving of the work put on them.

The quilting got going Monday morning and by quitting time it was almost finished, meaning Maud Weston, Flossie Burk, Norreen Stevens, Hazel Parish, Annie Silvers, Kay Walker, Ella Maugham and Muriel Covert, the quilters could nibble at the chocolate chip cream bars. Stella Walker and Eva Howe were the volunteer helpers, all under the guidance of Ivy Shaw.

Bible study was conducted by June Devolin Tuesday morning in a series dealing with many of the stories contained in the old testament. In this session the story of Samuel was read from the book of Samuel 1, ch. 1, 2, and 3 of how Samuel came to be born of his mother Hannah who until then had no children. He was born at his mother's request in prayer and promised to be given back to God and eventually became one of the prophets. It would seem that in those days there was more open communication be-

tween God and humanity than there is today.

In the afternoon there was the usual bingo with Betty Wise and Helen Archer as the volunteer helpers, and Ray Smith doing all the calling. The quilt was finished in the morning and Sue Swinson took the afternoon off to bind it. Now it is a full size proper quilt and most beautiful and all of those nice ties of bicolor yarn holding it together.

We have a little note here about Susan Foster of the Haliburton Highlands High School who was assigned to help Barbara Ramsay, extendicare secretary, for this is the high school work week. She sure is a great help.

Wednesday afternoon the ladies, Ivy Shaw guiding, prepared refreshments for our St. Patrick's day party in the evening. It is remarkable that giving them a chore they enter into it with a vim and the end result is superb.

As starters we have 48 petunias seeded. With reason. Please turn to Page 10

Children and drums go together, as Dario Domingues found out last week after a concert at Haliburton's senior elementary school. The drum, from Ghana, has

a head of snake or lizard skin. It was one of several folk instruments the Argentinian born musician and artist played at concerts in the county last week.

Senior League

by Bert Harrison

This has been a busy week here at Hyland Crest. We were glad to see they won a safety award. Congratulations to the managing board. We welcome a part time helper, Lori Beardsworth, and a permanent resident, Mrs. Annie Cox.

Sunday evening Rev Burgess took his text from Mark, chapter 5, "My name is Legion". Mrs. Burgess offered prayer.

Tuesday morning Rev. Miller took the service here. He spoke on Alpha and Omega, the beginning and the end. We were glad so many could attend.

My wife wishes to thank all who sent lovely birthday cards, and best wishes on her birthday.

You should have been with us to help us celebrate St. Patrick's Day. We had a real live leprechaun all dressed up in green. He wore the cutest costume that you have ever seen. We had to judge "Paddy's Pigs" made of lovely spuds, with their hair pin feet and pipe cleaner tail

beads for the eyes, and ears made of shell shale. They were harder to judge than the hats we all wore, made of satin and silk and ribbons galore. Our thanks to Mrs. Jean Cox and her students for making so many hats.

The Watson-Smith trio came Tuesday night and again on St. Patrick's Day. It was really swell of them to come and they can surely play. We square-danced and round danced, and did the heel and toe. We all enjoyed ourselves until it was time to go. We thank our girls who planned the day and also the guests who came to play.

Thursday afternoon is tea party day here at Hyland Crest. The U.C.W. ladies from Maple Lake United Church were our welcome guests. They brought us a lovely lunch and served it up so fine. It was nice to see some familiar faces, it seemed like olden times.

Thursday night is Bingo night here at Hyland Crest. Tom Prentice from the Kinsman Club was our special guest.

Jerry McKelvey is away taking treatment for back trouble. We hope he'll soon be back again, but snow he must not shovel. Peter Fearrey and Ken Fielding look after all mechanical work including the plumbing. They seem to be doing a real good job, keeping everything humming.

Mrs. Coburn and Fred Ballard came this Friday afternoon to play and lead a sing-song, with some real merry tunes. Mrs. Coburn always has some reading or rhymes, which helps to entertain. We look forward to the time when they come again.

I went into the tuck shop one morning this past week just to browse around a bit. Some items I did see. The lady behind the counter was Aileen Blears. She said "This is my birthday. I have lived for 60 years." I thought this just too good to miss so I leaned on the counter to give her a birthday kiss.

There is something else I really shouldn't say but she leaned on the counter and met me half way.

Animal care being taught

by Ted Francis

The second 1982 meeting of the Haliburton County 4-H Veterinary Science Club was held at Dwain Wruth's farm on March 11. It was an educational and enjoyable evening with 10 young people and two Club leaders, Bob Barnhart and Dwain Wruth in attendance.

The meeting started off with learning how to take the temperature of an animal and how to tell when an animal is healthy. Dwain Wruth demonstrated this with his horse as an example. The remainder of the meeting was held at Dwain's house with further information being discussed.

The next meeting will be held at the farm of Bob Barnhart on March 25 and

will start at 7:30 p.m. For further information please call Dwain Wruth, 286-1849 or Bob Barnhart, 489-2416. Girls and boys who have a pet (horse, calf, or dog, etc.) are welcome.

UCW hold 20th annual meet

On Wednesday, March 17, United Church women met at Beaverton United Church for the 20th annual meeting of Lindsay Presbyterian with the theme "The Crucifixion: A Mosaic of Justice".

The president, Mrs. Leola English, extended a welcome to all attending. Mrs. Mary Alsop, Beaverton U.C.W. president, welcomed the ladies to Beaverton United Church.

Region 2 represented by Beaverton presented worship service based on the Lord's Prayer. As each line was read and commented on various coloured candles were lit.

Mrs. English thanked all for their supportive work during her term of office, and also thanked Mrs. Mildred Goad in her position as secretary. She reminded the ladies of the conference annual meeting at Picton United Church on March

30-31. Mrs. Orlee Wells, Treasurer, presented her report and the budget for 1982. She reported that donations to Camp Quin-Mo-Lac in 1981 were the highest in some time, and urged continuing support. Mention was made that life memberships are now \$55. Roll call answered by regions showed 185 ladies registered. An invitation extended by Bobcaygeon U.C.W. to hold the annual meeting there in March, 1983 was accepted.

Region 1 conducted the "In Memoriam" service honouring members who had died during the past year.

To celebrate the 20th Anniversary former U.C.W. presidents present were introduced and presented with a corsage. These were the first U.C.W. Presbyterian presidents, Mrs. Ethel Murray, Miss Vina Neale, Mrs. Ila Palmer, Mrs. Margaret

Gilson, and Mrs. Margaret Stewart. A birthday cake made by Beaverton U.C.W. was on display, as well as a banner made by Fenelon Falls U.C.W., and a list of presidents, secretaries, and treasurers during the past 20 years compiled by Miss Vina Neale.

Mrs. Nora Bagshaw, in charge of literature, and Mr. Tilley from CANEC in Toronto, gave a review of books available for sale during the lunch hour. Mr. Tilley particularly recommended the Moderator, Rev. Lois Wilson's book.

Following a luncheon served by Beaverton U.C.W. the afternoon session opened.

Mrs. Carol Clark introduced the guest speaker, Judge George Inrig of Lindsay. Judge Inrig spoke on the judicial system as it works today, going on to tell how

the law worked under the Jewish system of justice. A brief question and answer period followed. Mrs. Olive McDonald expressed thanks to Judge Inrig and presented him with a token of appreciation.

Members of the Presbyterian executive with Mrs. Joyce Stephenson as narrator, presented a drama "Reserved: A Place for you on Golgotha's Hill". This drama portrayed the feelings of those present at Jesus' death on the cross, and how it could still apply to people today. The participants spoke on behalf of Joseph of Arimathea, Judas Iscariot, Peter, Pilate, the soldier, centurion, and Mary.

The report of the nominating committee was presented by Mrs. Margaret Gilson, first vice-president of

NOTICE

NOTICE OF THE PASSING OF A BY-LAW BY THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART ET AL TO REGULATE LAND USE PURSUANT TO SECTION 39 OF THE PLANNING ACT

TAKE NOTICE THAT the Council of the Corporation of the United Townships of Dysart et al has passed By-law No. 82-15 on the 8th day of March, 1982 pursuant to the provisions of section 39 of The Planning Act.

The following schedules are attached hereto:

1. Schedule 1, being a copy of By-law No. 82-15.
2. Schedule 2, consisting of the following:
 - i. An explanation of the purpose and effect of the by-law.
 - ii. An explanation regarding a key map.
3. Schedule 3, being a statement from the Chief Planning Officer of the Corporation of the United Townships of Dysart et al in which the lands to which the by-law applies is situate.

ANY PERSON INTERESTED MAY, within twenty-one days after the date of the mailing, personal service or publication of this notice, file with the clerk of the Corporation of the United Townships of Dysart et al notice of an objection to the approval of the said by-law or part thereof together with details of all or that portion of the by-law to which there is objection and detailed reasons thereof.

ANY PERSON wishing to support the application for approval of the by-law may within twenty-one days after the date of the mailing, personal service or publication of this notice, file with the clerk of the Corporation of the United Townships of Dysart et al notice of support of the application for approval of the said by-law.

If no notice of objection has been filed with the clerk of the Municipality within the time provided, the by-law thereupon comes into effect and does not require the approval of the Ontario Municipal Board.

If a notice of objection has been filed with the clerk of the Municipality within the time provided, the by-law shall be submitted to the Ontario Municipal Board and the by-law does not come into effect until approved by the Ontario Municipal Board.

THE LAST DATE FOR FILING OBJECTIONS IS THE 14th DAY OF APRIL, 1982.

THE OBJECTION MUST BE RECEIVED BY THIS DATE IN ORDER TO BE VALID.

DATED at the Village of Haliburton this 22nd day of March, 1982.

Wayne B. Wood, Clerk-Administrator,
United Townships of Dysart et al,
P.O. Box 389, Haliburton, Ontario
KOM 1S0

SCHEDULE 1

The following is a copy of By-law No. 82-15

THE CORPORATION OF THE UNITED TOWNSHIPS OF
DYSART ET AL
BY-LAW NO. 82-15
A BY-LAW TO AMEND ZONING BY-LAW NO. 77-32

THE PLANNING ACT

WHEREAS the Council of the Corporation of The United Townships of Dysart et al deems it advisable to amend By-law No. 77-32, as amended;

NOW THEREFORE the Council of the Corporation of The United Townships of Dysart et al ENACTS as follows:

1. Section 4(6) of By-law No. 77-32, as amended, is hereby repealed and replaced by the following:

"(6) ZONING OF EYRE TOWNSHIP

That portion of the geographic township of Eyre which lies within the Zoned Area shall be designated a Special Rural (RU-2) zone."

2. Section 15 of By-law No. 77-32, as amended, is hereby further amended by the addition of the following immediately after subsection (8) thereof:

"(9) USES PERMITTED IN CT-4 ZONES

On the lands designated CT-4 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building or structure for any purpose except one or more of the following special uses:

(a) RESIDENTIAL USES:
an accessory dwelling house;
an accessory dwelling unit;
one mobile home only.

(b) NON-residential uses;
a business office;
a dining hall;
a home occupation;
a home profession;
a maintenance garage;
a recreation hall;
a retail store;
a storage building;
a tourist establishment.

(10) SPECIAL PROVISIONS FOR CT-4 ZONES

On the lands designated CT-4 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building structure except in accordance with the provisions of Section 3 Section 15(2) hereof."

3. Section 21 of By-law No. 77-32, as amended, is hereby further amended by the addition of the following immediately after subsection (4) thereof:

"(5) USES PERMITTED IN RU-2 ZONES

On the lands designated RU-2 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building or structure for any purpose except one or more of the following special uses:

special uses:
(a) RESIDENTIAL USES:
prohibited.
(b) NON-RESIDENTIAL USES:
a conservation use;
a forestry use;
a public use;
a tourist camp;
a wayside pit;
a rental cabin;
a rental cottage.

(6) SPECIAL PROVISIONS FOR RU-2 ZONES

On the lands designated RU-2 on Schedule "A" hereto, no person shall use any lot or erect, alter or use any building or structure except in accordance with the provisions of Section 3 and Section 21(2) hereof.

4. Map 4 of Schedule "A", attached to and forming part of By-law No. 77-32, is hereby amended by changing to CT-4 and RU-2 respectively the zone symbols on the lands designated "ZONE CHANGE TO CT-4" and "ZONE CHANGE TO RU-2" on the attached Schedule A hereto.

5. Schedule A hereto is hereby made a part of this By-law as fully and to all intents and purposes as though recited in full herein.

6. This By-law shall become effective on the date hereof, subject to:

- (1) the expiration of the time period specified for the filing of objections by the notice of the passing of this By-law, provided that no notice of objection has been filed within the time period specified; or
- (2) the approval of this By-law by the Ontario Municipal Board where an objection to the approval of this By-law has been filed within the time period specified in the notice of the passing of this By-law.

THIS BY-LAW read a first and second time this 8th day of March, 1982.

THIS BY-LAW read a third time and passed this 8th day of March, 1982.

Signed: MURRAY FEARREY (Reeve)
Signed: WAYNE B. WOOD (Clerk)

SCHEDULE 2

1. By-law 82-15 has the following purpose and effect:

The Municipality of Dysart et al has received a request from Haliburton Forest and Wildlife Reserve Limited to change the zoning on the company's holdings in Havelock and Eyre Townships to more accurately reflect the present and intended uses of the subject lands.

By-law 82-15 changes the zoning on the majority of these lands to a Special Rural (RU-2) zone and changes the zoning on Part of Lots 18, 19, 20, and 21, Concession II, in the Township of Havelock to a Special Tourist Commercial (CT-4) zone. In addition, the By-law sets out the uses permitted and the special provisions applicable in the two zones.

2. A key map which shows the location of the lands to which the By-law applies has not been included. The lands affected by this By-law include the whole of the Township of Eyre excepting therefrom that portion of the Township which is in Algonquin Provincial Park. The lands in the Township of Havelock which are affected by this By-law are accurately shown on Schedule "A" to the By-law.

SCHEDULE 3

STATEMENT OF CONFORMITY TO THE OFFICIAL PLAN FOR THE DYSART PLANNING AREA

I, Derrell B. Stamp, the Chief Planning Officer of the Corporation of the United Townships of Dysart et al have reviewed By-law No. 82-15 of the Corporation of the United Townships of Dysart et al.

I am of the opinion that:
The By-law is in conformity with the Official Plan in effect for the Dysart Planning Area.

Derrell B. Stamp,
A.M.C.T.A.,
Chief Planning Officer

SCHEDULE A TO BY-LAW NO. 82-15 Township of Havelock, Municipality of Dysart et al.

The smiles on the faces of these youngsters at Haliburton's senior elementary school are ample evidence of Argentinian musician Dario Domingues' skills with flute, pan pipes and ukelele. Domingues

spent four days in the county last week giving a series of concerts at local schools and leading workshops at the Rails End Gallery.

Dysart et al council meets

At the March meeting of Dysart et al council, the following matters were considered:

Accounts as follows were approved for payment: General, \$57,148.08; Road, \$647,592.22; Social Services, \$13,881.72.

The following rates will apply to Municipally owned equipment being rented to the Roads and other departments, effective March 1, 1982:

M.F. Tractor blade/mower #1 - \$10.85 per hour; Case Loader - Backhoe #2 - \$16.65 per hour; J.D. 544 Loader - \$32.85 per hour;

Rogers 28 ton Float - \$6.15 per hour;
Case 850 Bulldozer - \$21.85 per hour;
Truck #1 S/A - \$16.50 per hour;
Truck #7 S/A - \$16.50 per hour;
Truck #9 S/A - \$16.50 per hour.

The M.L.A. for Victoria-Haliburton, John Eakins, was requested to review gas prices in Haliburton County with the suppliers for an explanation of the high prices that prevail within the County and a copy of this resolution will be forwarded to the M.P., Wm. Scott.

The Municipality of Dysart

et al urged the Ministry of Transportation and Communications to acquire the rail line linkage from Haliburton to Lindsay.

The Haliburton County Board of Education was granted permission to construct tennis courts over the sewage pressure main easement provided they assume total responsibility for any damage to the main, or subsequent failure at this location.

The tender of Curry Motors Limited in the amount of \$58,977.80, for the supply of one 1982 Tandem truck was accepted subject to the approval of this District Municipal Engineer, M.T.C.

The Haliburton County Board of Education was granted permission to uncover the sewage pressure main that crosses their Senior Elementary School driveway and backfill the same with sand provided the Board assumes total responsibility for any damage that might be done to the main during the said work, or subsequent failure at this location.

The Ministry of Municipal Affairs and Housing will be contacted with a request that the Ministry prepare a Mu-

Argentinian musician Dario Domingues played the pan pipes for students in a series of concerts in Haliburton County schools last week.

Education report released 194 school days suggested

A Ministry of Education Committee which reviewed the school year has recommended a school year consisting of 194 school days of which up to nine may be designated and used as non-instructional days.

In its report, recently released by Education Minister Dr. Bette Stephenson, the committee supported a submission by the Royal Canadian Legion, Ontario Command, that Remembrance Day be dropped as a school holiday and that a Remembrance Day service be held in every school on November 11.

The committee also recommended that the Christmas vacation be a full two weeks, commencing on a Monday and including Christmas Day and New Year's Day, and that the option be retained of designating the five day mid-winter break between the first school day in January and the last school day in June.

Other recommendations are that boards retain the right to determine the kind of activities that are to take place on non-instructional days and that they ensure that some of those days be used for curriculum development, implementation and review.

A study of 6775 completed questionnaires, almost 900 letters, over 230 briefs, and input from 81 meetings across the province were of assistance to the committee in formulating its recommendations.

In releasing the report, Dr. Stephenson said it will be widely distributed for reaction and comment and has asked that responses be forwarded to the Ministry by June 1.

Red Cross elects 1982 executive

The Haliburton Red Cross organization elected its executive at the annual general meeting last week.

Heading up the executive, again this year, is president Ken Morley. Also elected were: Lila Austin, vice president and disaster chairman; Lois Whittaker, secretary treasurer; Mrs. Victor Ross, swim committee chairman; Barb Dawson, public relations; Dorelle Baker, campaign chairman and Eileen Morrison, hospital loan equipment chairman.

UCW meeting

Conference U.C.W. conducted the election and installation of officers for 1982 in the absence of Mrs. Ann Elson, Conference U.C.W. president.

Mrs. Thea Brandsma of Lindsay, president for 1982, was introduced by Mrs. English, and spoke briefly.

Mrs. Olive McDonald expressed thanks to all who had made the day a success.

Happy Gang News

from page 8

onable certainty they will mature. Rather than plant them in flats, since time is of no importance to us, we seed the paper cups with multiple seeds and carry them through to the outdoor planting thus eliminating the losses and set backs from transplanting. They are kept on the planters in artificial lights until they can go out to sunshine. The geraniums are interesting in that they are better to soak in water 48 hours before going into the soil, and even need to be flooded onto the soil wet. The end result we feel is much better than the cutting route, and besides getting the mixed seeds there is variety. The impatience is unusual in that their seed packet must be refrigerated four days before seeding. Of course, remember we are mere hobby novices so what we say sometimes will bear much criticism.

The gracious and ubiquitous Nancy Picard with her trusty accordion provided the Irish music for the St. Patrick party. Song sheets of Irish music and songs were distributed among us, giving no one any excuse for non-participation. Everyone wore green and the Irish jokes, always funny, were funnier so it was a very lovely party to which a group from the ARC industries joined. Pickles, olives, green bread and a cup of tea was a welcome climatic snack. We owe a debt of gratitude to Nancy.

Thursday is that dread day for the ladies when they become another year older or is that just a false doctrine of ours? Anyway, Ivy Shaw was sick, leaving the party for next Thursday. Had there been one - Norman Titus (the gang's workhorse), Elsie Porter, Mable Stone, age 98 (she doesn't mind people knowing it now), and Lola McCall, just four of us are a year older. At Lindsay we got

a digital alarm clock that wakes us up at seven to the music of CHAY FM radio, Channel 93 and to tie that in, we recall as a wee lad it was our job to be first up to start the wood stove and get the family's breakfast. There were no digital clocks so our dad had a long rope rigged up and down the corridor, one end in his hand when he awoke, the other end fixed to a cow bell over our bed. It was just as efficient as modern alarms. You see we have connected our trip to Lindsay with a birthday party that didn't happen.

The Rev. John James, pastor of the Haliburton United Church, and Jan Shipley, church organist and pianist, conducted the devotional period Friday morning choosing his theme from Psalm 52 which attacks sin and the evil doer, and extols God as being most merciful

in forgiving the sinner. Certain words of the psalmist are intriguing. "You are sharp as a tack in plotting your evil tricks" meaning possibly that sin is more of a challenge than good, or say that vandalism is more of a challenge in Haliburton, etc. than twiddling one's thumbs.

Three movies were shown Friday afternoon, Ray Smith, projectionist. 1. 'Most Lovely Country' referring of course to Capt. Vancouver's British Columbia. Before the film was done most of us were near tears that we didn't live there. 2. 'Tea', very interesting showing the cultivation, the picking, the processing, the tasting, the blending and the packaging of tea from the orient. 3. 'Round Robin' exalting Britain's national bird that in numbers exceeds others despite the occasional robin becoming prey to the cat.

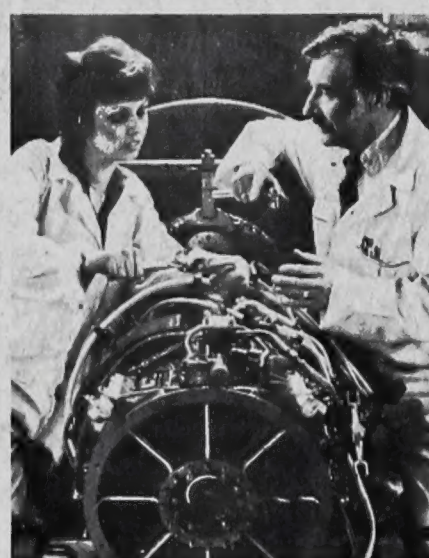

HALIBURTON NOW OPEN

WATCH FOR OUR

Grand Opening

Why are these women such a valuable Canadian resource?

Canada is rich in resources. But our most precious resource is our skilled workers.

Right now, there are jobs in Canada which can't be filled because we're short of people with the right skills in the trades and new technologies. More and more, finding the right person for a job means finding the man or woman with the right training.

At Employment and Immigration we're creating a new National Training Program to assist in on-the-job and

classroom training in the skills Canadian industry needs now, and in the future. Part of our program provides training for women in non-traditional jobs.

The rewards are great because training in priority skills is a key to job security in the 1980's. And more women are entering the trades each year. Last year over 22,000 women took part in on-the-job training. Thousands more benefitted from training in the technologies and other career areas.

That's an investment in Canada's skilled work force. It's an investment in Canadian industry. And it's an investment that helps Canada work.

DISTRICT NEWS

Guilford Pulse Beat

by Bill Wood
754-2854

Hi folks! Your old pulse-beater is back again with the local news for this area. My lady and I were chatting with Annie Jones in Haliburton last Friday morning. Annie and her close friend, Blanche Linton, both of West Guilford, have returned from Daytona Beach, Florida. They enjoyed their month-long bus tour there and are quite pleased with the time they spent in Florida. Annie's next trip is being planned for the sunny coast of British Columbia. Welcome back, ladies, and we hope you both enjoyed your marvelous holiday.

Eagle Lake is in the spotlight this week because of Jeff Larmer (son of Doris Larmer, nee McColl). Jeff is the grandson of Alfred and Elsie McColl of Eagle Lake. This young lad is currently playing with the Kitchener Rangers. He has been with the Rangers for two years and played three weeks as a drafted call-in-sub for the Colorado Rockies, where he scored two goals while playing for them. He has been interviewed several times on television. Although his parents are now residing in Peterborough, Alf and Elsie McColl of Eagle Lake are proud of their grandson's 52 goals this season with the Kitchener Rangers. Keep going, Jeff, and the best of luck in the near future. This news item I owe to Kay Barry and Elsie McColl of the Guilford area.

Kay Barry also has the scores on the Thursday afternoon bowling league. Three ladies from the Guilford area are noted for their skills on the lanes - Frieda Handy with a 200 average bowled 366 for a high single with a high triple of 806. Kay Barry with a 203 average bowled a high single of 324 with a high triple of 744 and Eva Piper with a 207 average bowled a high single of 286 and a high triple of 713. Good going ladies. Kay is also looking for ladies interested in social bowling in the area.

For more details and for information call Kay Barry (754-2229). Thank you Kay. The above scores were recorded for Thursday, March 11. Last Thursday, March 18, high scoring ladies were Ann Baker, with a high single of 271 and 688 for triple high score. Kay Barry with a high single of 240 and 620 for high triple. Marg Scheppern with a single high of 208. Winner of the dinner for two at the "Sunny Rock Lodge", sponsored by the Haliburton Red and White was Jack and Kay Barry of West Guilford.

Ray Barry, a Guilford resident, has made a complaint to this reporter, concerning

some phone calls to his neighbours reflecting that Mr. Barry is neglecting his children. Ray Barry wants to go on record, that at no time is his family ever left without adult supervision. Ray also wishes the slanderous caller to contact him, so that he can have some peace of mind. Chatting with Ray, I found him very distressed with the whole matter. To Ray's neighbours, I wish to thank them for bringing it to his attention, instead of "blowing" it out of proportion by feeding the calls to a malicious gossip mill. To Ray, I would like to say that people like the mysterious caller

should clean up their own back yards before they trespass on some other person's property.

This week will be a quiet one for the area due to the March break holidays. I will be in contact with some of the lucky people who are taking their holidays out of the area, later on this week and report to my readers who these people are in my next column.

Carol Duncan phoned Sunday to tell me that the monthly dance at the West Guilford Recreation Centre went over very well, even though "the tearsil trio" Please turn to Page 12

Kinmount Korner

by Millie Moss
488-2399

Well folks, I hear the Legion Hall was decorated very nicely for the St. Patrick's Dance which was held March 13. The music by disc jockey was what the folks on the other side of the hill, age wise, ordered and loved, the lunch was delicious and a good time was enjoyed by the big crowd. A table was set at the front of the hall and the two aadies trying to place tablecloth on same provided a good laugh when a real tug of war ensued. It was all in good fun.

Winners of the Legion 50/50 draw March 6 were Norm Gilmore \$22.25, and

March 13, Dwight Fountain, \$34.50.

Dora Lilley travelled by bus to Ottawa where she spent a few days visiting with daughters Juanita and Enid last week.

I was sorry to hear Vivian and Ernie Anderson have been under the weather lately and hope all will be well soon.

Connie Crego's new little daughter is expected home from hospital in Peterborough by Friday, March 19, all being well.

Marg Telford is back to canes and walker after her recent stint in hospital after suffering a broken hip in a fall. Margaret wishes to thank everyone who has remembered her with cards, calls, etc. both at home and while in hospital and a big thank you also, to her cousin who is being so helpful to Margaret at her home at this time.

Due to the inclement weather and so many of the A.C.W. members being on the sick list, the St. Patrick's Tea and Bake Sale, held at St. James' Hall in Kinmount on March 13 wasn't quite the success it has been in other years but just you wait 'til all the girls are well again and with spring just around the corner, it may be sooner than you think.

I enjoyed an Avon meeting at the Haliburton Legion on Monday, March 15 and was pleased to have Marg Viney along as my guest. Later, she and her husband Glen had a short visit at our house. It is

always pleasant to meet new people.

Happy birthday to Melissa Munro of Kinmount who was 3 on Tuesday, March 16.

Some 40 teams participated in a cribbage tournament held at the Cobourg Legion on Saturday, March 13 and four of the Auxiliary ladies of Kinmount Legion Branch #441 who placed fourth are now eligible to play in the Provincial Tournament to be held June 5 in Goderich, Ontario. Congratulations Gladys Silver, Dagmar Simpson, Ruth Menard and Mary Hartin Sr. Best of luck in the Provincials!

There were 13 students entered in the public speaking, from Kinmount Public School and held at Legion #441 in town recently. In the Senior Division the standings were: First, Christine Brelsford, second, Barbie Fountain and third, Vickie Swinson. In the Junior Division: first place went to Sheri Magee, second, Rob. Dettman and third, Glenda Martin. Other seniors included were Jo-Anne Swinson, Lynne Swinson, Theresa Martin, Jennifer Dettman and Caroline Fountain, and Juniors were, Robin Magee and Molly Suckling. The winners were to appear in the zone finals at Fenelon Falls Legion on Saturday, March 13. Sincere thanks and appreciation is extended to the Ladies' Auxiliary and Kinmount Legion for their cash prizes to each of the speakers. Many thanks also to the judges Guy Scott, Susan Phillips and Norm

Gilmore who did such a great job with the boys and girls. I hope to have the results of the zone finals soon and will pass on the names of the winners to you at that time. My own congratulations to you, each and everyone.

That was some snowstorm last Tuesday evening. That plane we heard flying so low sounded as though it were going to land on our roof. You could hardly see around outside at that time so sure hope that plane made it.

Results of the Wednesday nighters at Galway, March 17: ladies high, Ida Young, ladies' low, Mitzi Alzner, men's high, Ken Young, men's low, Frank Franzen, lone hands: Harry Stuart.

Congratulations to Pearl Bradmore on her \$190 jackpot bingo win at the Cobocnk Legion, Thursday, March 18, Pearl won on the fifty-eighth number.

Bill and I enjoyed the company of Helen and Alex Graham on our forty-first anniversary, Friday, March 19 and also our daughter, Bonnie, of Weston, for the week-end.

I was sorry to hear Mr. Klotchhoff is suffering a broken arm these days, the result of some wood splitting.

Happy anniversary to Audrey and Wilf Belanger on March 26 and also to Amy and Larry Coker on March 24. We wish you many more years ahead.

It is getting close to Hot Cross Buns time: 1 1/2 cups of unbleached bread flour, 1

Please turn to Page 12

Chatting with Irene

by Irene Moore
286-1674

My, didn't spring come in just perfectly? That March, you just can't get ahead of her though. Never mind, it is never easy plodding on and on, when the weather's cruel. Sooner than expected the snow will go and winter will really turn into spring, when April arrives at the door. So farewell winter, you were enjoyed, as every season is welcome, but especially welcome is spring. When one wakes up each morning to the singing of birds, then looks out and can see a bare patch where there is grass, no matter how small, one gets a good feeling. Sure I know we still have lots of snow, but it will leave and then we will have mud, which won't stay too long. May we have a gorgeous summer then.

By the way, don't forget that all fish huts have to be off the lakes by March 31 or you will be fined. Just consider you are lucky you aren't at Lake Simcoe, where there is about 2 1/2 feet of slush and those fish huts are so far out one can't reach them. They were ordered off by March 15, but some are still there.

I have three apologies to make. Two weeks ago I left off the last name of George and Greta Alsop, last week I left off the last name of Mr. and Mrs. Harold Deacon, also the names of Christa Irwin and Dayna Atkinson who won the Preliminary Dance Trophy at the Interclub Competition at Bobcaygeon. My sincere apologies to all. Either my brains move faster than my fingers on the typewriter, or I'm getting old; now I said it, not you.

Ron and Pat Welch of Frankford recently spent the week-end with Mrs. Edith Welch, as last Thursday Pat and daughter Heather were leaving for Trinidad for the school break.

Mr. and Mrs. Dave Davidson of Toronto spent the week-end at their cottage on Hawk Lake Road.

Have any of you been following the progress of Scott Callow, the grandson of Harold and Marj Coulter, who was so badly hurt last fall in a hockey game? I'm glad to hear that Scott will be allowed home for the school break. This coming Saturday evening there will be a ben-

efit hockey game and dance at the Huntsville arena. Remember the date March 27, and if you can, head up to Huntsville and help a very courageous young man.

Mr. and Mrs. John Penteny attended a wedding ceremony in Newmarket on the week-end.

Ken Young of Gooderham, and Wendy Hughes of Minden were the winners of dinner for two at Sunny Rock Lodge. The contest was held at Eastons Red and White last week; also did you know that Eastons started in England in 1850 as Green Grocers. When I arrived in Minden in 1936 Harry Easton was well known for the good cuts of meat he gave all. His family have carried on his work.

Mr. and Mrs. Lyman Cox are home after a lovely holiday touring Florida.

Mr. and Mrs. Gordon Dawkins and daughter Beverly spent the week-end at their cottage on the Hawk Lake Road. They are from Rexdale.

I had a letter from No. 2 son last week, the first since Christmas. He informed us

that if he didn't get an inland posting this summer, he would be heading for down under in August and would get back just before Christmas. He would rather like to see Australia and New Zealand, but has only had seven months shore duty since 1975, so guess he is getting tired of the ocean.

Marg Friske of Richmond Hill spent the week-end with the Bob Emmersons, and Carol and Beverley went back with her for a few days.

Minden Library will only be closed on Good Friday, because so many have projects to finish.

Mrs. Bud Stamp spent Please turn to Page 12

Dorset News

by Phyllis Briscoe

"The wise man smiles with approval as he watches other people committing the sins and follies he himself had to commit in order to become wise."

Signs of spring: not only are the crows back, there were eight ducks observed in the open water out from the channel. There was also a snowy owl seen in the area. Everyone has complained about the shortage of blue jays this year and we are wondering if the fact that a great number were found dead at the feeding stations last year had anything to do with it, and if there was an epidemic that cut down the population. We never did find a satisfactory answer as to why they died.

There is to be a Euchre party at the Rideout Community Centre on Hwy. 117 on Wednesday, March 31 at 7:30 p.m. The proceeds of this event will be donated to the Dorset Community Centre building fund. The last one was a lot of fun so come out and enjoy a pleasant evening, meet your neighbours and help raise the ante. The charge is only \$1.

We are happy to hear that Don Lillow is home from the Huntsville Hospital, where he spent a period of time. We hope that his health con-

tinues to improve and that he will be back in perfect health before too long.

Our southern visitors continue to return to their native land, hoping that they will have missed the last gasp of winter. Jack and Irene Clayton and Joyce and Leon McKay just returned from a sojourn in the Clearwater Beach area, where they report beautiful weather prevailed. John and Maida Stewart are also home again after a lengthy stay in the sunny south.

A lovely bridal shower was held on Wednesday, March 17 in the Dorset Community Centre for Ruthie McEachern, daughter of Millie and Murray. The bride-to-be

received a great number of beautiful gifts and the hall was filled to overflowing with well wishers. After the gifts were passed around and oohed and aahed over Ruthie made a thank you speech and refreshments were served.

On St. Patrick's Day the Dorset Senior Club celebrated by having a luncheon at the Hollow Valley Inn, after which they returned to their club rooms and had a sing-song of Irish music and watched some interesting films.

Mrs. Jim McKey came in from Huntsville for Ruthie's shower and stayed over night with her sister-in-law. Her son-in-law, Steven Tebbly is at present a patient in Tor-

onto General Hospital for treatment.

H.H. To keep potatoes from going dark when boiling, add 1 tbsp. of cider vinegar to the water.

Gooderham News

by Mary Hadley

Congratulations to Mr. and Mrs. John Travis on the birth of a baby girl last Wednesday at Peterborough Civic Hospital.

Since the Wilberforce Midgets won the most points in their play-off series, they came up against Apsley for the championship in the best of five games. On Saturday, March 13 they succeeded in winning the third game thus receiving the cup. Some Gooderham boys help make up this team. Congratulations team! They also play for the Monmouth Cup on March 20 and for the Scarborough Cup on March 27.

Mr. and Mrs. Clifford Mintz were part of a local group who enjoyed a dinner meeting of the World Literature Crusade at the Holiday Inn, Peterborough, last week.

Dario Dominguez, a musician from Argentina, has been appearing at the Ralls' End Gallery recently. He visited the Gooderham school children last week where he entertained them by singing and also playing several instruments. A shepherd in Argentina, he was

from page 11
several days in Downsview with the Ray Rivers last week.

Mr. and Mrs. Jim Grant are home after a holiday tour in Florida.

The Martha group of Minden U.C.W. will meet at the United Church Hall on March 31 at 7:30 p.m.

Anne Schell and Gregory of Ottawa visited with relatives and friends over the week-end.

The Health Unit will be holding the foot clinic at the Common Room in the Library-Cultural Centre on April 1, so if you need help, call 457-1391 for your appointment.

Mrs. Laura Windsor of Peterborough has been spending several weeks with

her sister, Mrs. M. (Nell) Anderson.

Do today what is to be done, for there will be other things for tomorrow.

Visitors with the Mervin Bunkers over the week-end were Pat and Don Elson of Goodwood.

Remember that if you do not bring your books back to your local library after you have been notified by the librarian it will cost you much money for you will be billed for the cost of the book.

Ron Scofield and the Paul Warburtons of Scarborough visited with relatives over the week-end.

Miss Mary Lou Johnson of Peterborough visited her parents, Mr. and Mrs. Lloyd Johnson over the week-end.

Mr. and Mrs. Bob Clark and daughter Colleen of Windsor spent the week-end with Mr. and Mrs. Rick Osinchuk. While they were there, daughter Linda had a surprise birthday party for Rick, among those attending were Shirley and Larry Hewitt; Mr. and Mrs. Dave Davidson; Mr. and Mrs. Gordon Dawkins and daughter Beverly.

The March 17 meeting of Minden Women's Institute was held in the Common room. 18 members and one guest responded to the roll call of wearing something green. One lady paid her fine for forgetting the wearing of the green. "The Blarney" was read by Mrs. Sears, then Mrs. A. Kernohan read "How to catch a Leprechaun". Collections were taken for the card fund and pennies for friendship. There were 26 cards sent by the card convener since the February meeting. Mrs. J. Hulbig read part of the story of the John Olliffe farm and homestead. Members were asked to turn in family histories, these for future reference. When the business was concluded, the meeting adjourned and all enjoyed the lunch served by the committee. The next meeting will be at the same place on April 21 at 2 p.m., and all ladies are invited to attend.

The Spring Zone Conference of The Kinsmen and Kinettes Clubs will be held at Wig-a-Mog this coming week-end.

Kinmount Korner

from page 11

tsp. salt, ¼ tsp. ground cloves, ¼ tsp. nutmeg, ¼ tsp. cinnamon, 2 tbsp. sugar, 2 tbsp. melted butter, 1 beaten egg, ½ cup warm milk, ½ cup warm water less 3 tbsp., ½ cup flour. Blend yeast with mixed warm milk and water, sugar and flour. Let sit until frothy 20-30 minutes. Sift together remaining flour, salt, spices and sugar and add fruit. Stir

butter and egg into yeast batter. Add flour and fruit and mix well. Knead dough on a floured board approximately 10 minutes. Divide into 12 pieces and shape into buns with palm of one hand, first pressing down hard and then letting up. Place on floured baked sheet setting buns well apart. Put inside a greased plastic bag and let rise about 45 minutes at room temperature. Remove bag and make a cross with very sharp knife to just cut dough surface. Place in hot oven 15 to 20 minutes. Cool on rack. Make a glaze with 2 tsp. milk, 2 tbsp. water. Bring to boil and stir in 1½ oz. sugar and boil about 2 minutes. Brush each bun twice.

"Most folks are about as happy as they make up their minds to be."

Stay healthy and happy and be here next week.

Guilford Pulse Beat

from page 11

failed to show as scheduled. With no warning of the group's cancellation, the dance committee was justly upset. With over a hundred people waiting for the entertainment to arrive, Eileen Heard began making phone calls to the local D.J.'s to help them out of their predicament. Due to other bookings, Eileen was unable to find a D.J. for the dance and it was getting quite late. The Heards' daughter Sue, suggested calling a friend of hers from high school. Enter our hero, Greg Howe, from Stanhope. He arrived with his equipment and with the committee running around borrowing records suitable for the older generation to dance to, the dance and the nerves of the committee people were saved. Carol Duncan wishes to thank all the wonderful understanding people who attended the dance and waiting so patiently, without complaining for the dance to begin. This incident has never happened before and will not happen again. I tip my "Good Neighbour" hat to young Greg Howe, the West Guilford Recreational Centre

Dance Committee, and all the folks that participated at the dance.

Household hint of the week: A piece of carpenter's chalk kept in a tackle box or tool box will help to keep the lures or tools from rust. A small piece of chalk placed in a box of silverware will also stop the silver from tarnishing.

That's all for this week, folks, so until next time God bless, take care, and keep your calls coming in.

Chatting with Irene

The Martha group of Minden U.C.W. will meet at the United Church Hall on March 31 at 7:30 p.m.

Anne Schell and Gregory of Ottawa visited with relatives and friends over the week-end.

The Health Unit will be holding the foot clinic at the Common Room in the Library-Cultural Centre on April 1, so if you need help, call 457-1391 for your appointment.

Mrs. Laura Windsor of Peterborough has been spending several weeks with

her sister, Mrs. M. (Nell) Anderson.

Do today what is to be done, for there will be other things for tomorrow.

Visitors with the Mervin Bunkers over the week-end were Pat and Don Elson of Goodwood.

Remember that if you do not bring your books back to your local library after you have been notified by the librarian it will cost you much money for you will be billed for the cost of the book.

Ron Scofield and the Paul Warburtons of Scarborough visited with relatives over the week-end.

Carnarvon News

The last Carnarvon News of two weeks ago was mistakenly placed under the Coboon heading so I will try to give a few details of that time.

Mr. and Mrs. Sinc Russell and Mrs. Mary Davis have flown to California for a visit with their sister Alice. Mary will stay there and after a visit Sinc and Mabel will fly to Australia for a visit with their son, Mr. and Mrs. Colin Russell and baby daughter whom Sinc and Mabel have not yet seen. Have a good time folks.

The Jim Forsters, Ritchie Harrisons, Bob Fletchers, and Dee Jennings are all home from their southern vacations.

It has come to our attention that several of the Sunshine Sisters are forgetting to get in touch with their secret pals. If you have lost the dates please contact 489-2924 for the information.

Mr. and Mrs. Bill O'Reilly

Report from Parliament

from page 5

their property, are receiving a benefit on which they are not paying taxes. MacEachen said that homeowners are in effect getting the benefit of a tax loop-hole, and that the federal government is losing four billion dollars a year in taxes.

In using the term "imputed income" MacEachen is saying that Canadian homeowners can be taxed on income that they "might" receive from their property, and that the taxes can be collected in advance.

When Dominion Life Assurance Company vice president John Mahn wrote to his company's clients and alerted them to this danger, Mr.

MacEachen reacted angrily, and accused Mr. Mahn of "false and misleading comments" in his letter. The purposes of everyone concerned would have been better served if MacEachen had responded rationally, and offered explanations instead of condemnation to Mr. Mahn and others who have commented on the Minister's statement.

While MacEachen was right in denying that he had made a firm proposal in his budget concerning this concept, that is not the end of it. The mere fact that he went to great lengths to expound this theory in his budget speech is the real key. He was sending up a trial balloon, to see what if any public reaction he would get. I doubt that he really predicted the extent or intensity of the public furor that has erupted over his "imputed income" concept, but angry denials are a poor substitute for clarification.

MacEachen's parliamentary secretary, John Evans, M.P., mentioned the imputed income concept at least three times in public after MacEachen's budget speech, and said that it appeared to be a softening-up process that failed. I am convinced that, if there had not been so much reaction against this concept from the Canadian public and the Progressive Conservative members of the House, MacEachen would have tried to slip it through as an amendment to the Income Tax Act.

Despite MacEachen's back-pedaling and angry denials on this issue, I still believe that there is a very real danger that "taxation of imputed income" is still under serious consideration by the government, and those additional taxes must look awfully appealing.

MacEachen has sampled public opinion on the concept, and he has found that we won't accept it, now he should clear the air and tell Canadian homeowners that this invidious form of taxation will not become government policy.

from page 10

nicipal Housing Statement on behalf of the Municipality.

The Ministry of Housing and the Ontario Municipal Board were advised that Council do not wish to proceed to a hearing on Hasley Developments and Dysart, files numbered R-773768, R-771783 and R-773281. The reason for this refusal is the fact that the subdivider has not, as yet, responded to Council's request for an updated Lake Capacity Study by an independent consultant.

A Mr. Bellamy was granted an easement across the 1' reserve on North Cranberry Drive to gain access to his lands being Part of Lot 16, Concession 5, Guilford Township. He is to provide position of access and locality of same as per entrance permit application.

The Reeve and the Clerk were authorized to sign the Ontario Hydro easements for the following power lines:

26 Poles and Anchors, Basshaunt Lake R.P. 532 and 582, Guilford Township, along the Municipal Road Allowance.

2 or 3 Poles across Block E, R.P. 565, Havelock Township, to gain access to a marine cable to Hemlock Island, Redstone Lake.

The engineering firm of Bishop and Wilson Limited was retained to prepare the redevelopment plan for the Township of Dysart under

the Ontario Neighbourhood Improvement Program 1981/82 for submission to the Ministry of Housing within three months.

Application was made to the Ministry of Housing for funds under the Ontario Neighbourhood Improvement Program for the 1982-83 Fiscal year in the amount of \$200,000.

The Reeve and Clerk were authorized to sign the Deed accepting Blocks B, C and D, and North Cranberry Drive, registered Plan 558, Guilford Township, from M.T.H. Limited.

The offer of Timothy Brannigan for one used door in the amount of \$25 was accepted.

The offer of Gary Rowden for the two used doors, in the amount of \$50 was accepted.

H.M. Roberts, Road Superintendent, was given approval to attend the C.S. Anderson Road School, May 2-5, 1982, at the University of Guelph.

Council adopted the Road Program as prepared for 1982 in the amount of \$908,534, and recommended the said program to the District Municipal Engineer, M.T.C., Huntsville, as being in accordance with and intent of the 5-year Roads Needs Study.

The following persons were appointed as an advisory group to the Municipality in their research into

the trees act and the possible development of a By-law. (The advisory group are requested to make every effort to have a report and recommendation for Council by June 1, 1982: Charles Heard, Peter Hynard, Bill Emmerson, Roy Woodward, Sinc Nesbitt, John Bruce, Brian Sarginson and Sid Cooper from Council.

The Planning Director and Clerk will arrange to attend the Ontario Neighbourhood Improvement Program Workshop at City Hall in Belleville, on March 12, 1982.

By-law 82-12, a by-law to

designate a date for reduce loads (½ loads); By-law 82-13, a by-law to authorize the purchase of certain lands for industrial purposes; By-law 82-14, a by-law to zone certain lands in the Township of Dysart "Industrial"; and By-law no. 82-15, a by-law to amend Zoning By-law no. 77-32; were passed.

The Clerk was directed to publish the notice for By-law no. 82-15, being a by-law to amend comprehensive zoning by-law no. 77-32, for two consecutive weeks in the Haliburton County Echo, as per Section 4(4) of Ontario Regulation 78/80.

School enrolment declines

More than 16,100 of the 17,580 full-time post-secondary students who sought employment after graduating from Ontario's community

colleges during the 1980-81 academic year had found employment by mid-November, 1981. A further 4,930 graduates did not seek work or did not report their activities following graduation; of these, many became homemakers or continued their education.

Carnarvon

from page 12 spent this week-end with friends in Toronto.

Mrs. Estelle Ralph has been transferred to the Minden hospital where she is resting comfortably now.

On Monday night at Maple Sands friends and neighbours gathered to honor Miss Isobel Gibbs who has been playing the organ for Church service at St. Peters, Maple Lake for 50 years. Congratulations on a wonderful and dedicated service to God and the community.

This information is contained in the annual College of Applied Arts and Technology Graduate Placement Report which has been released by Colleges and Universities Minister, Dr. Bette Stephenson. The report is designed as a resource for students in selecting college programs and for use by counsellors in advising students on program selection, career planning and possible future employment trends.

Women to receive money

Single women between the ages of 60 and 64 will receive more money through the province's Family Benefits program under an initiative announced by Community and Social Services Minister Frank Drea.

Under this new initiative FBA rates for single women in this age group will be increased by up to \$40 per month for each recipient, depending on circumstances. Special adjustment cheques will be issued for this additional entitlement for February. The new rates will be reflected in the March FBA cheques.

MNR review

from page 13

penalties of other jurisdictions.

The committee has been asked to submit its report to the minister by the end of June. Pope noted that if the report supports the notion that utilization practices have a significant impact on wood supply and costs, the government "will have to seek stronger safeguards."

Cost of the initiative is estimated at \$1.1 million in 1982/83 fiscal year and \$1.7 million in 1983/84.

Under the Canada Assistance Plan, the federal government will share half of that cost.

The new initiative is aimed at the relatively small group of older single women under 65 receiving FBA who are not

classified as either disabled or permanently unemployable and are, therefore, not eligible to receive the higher rate paid to recipients in these categories.

It will affect approximately 1,600 recipients - 19.3 per cent of the total number of single women recipients between the ages of 60 and 64.

School enrolment declines

Enrolment projections just issued by the Ministry of Education show that secondary school enrolment will decline by 23 per cent by 1990.

The projections, which are sent to the province's school boards, show that the secondary school enrolment will drop from the 530,000 projected for this year to a low of 450,000 in 1990. Secondary school enrolment has dropped almost 44,000 in the past two years.

Elementary school enrolment will continue a modest decline until 1986 when it will hit a low of 1,178,000 compared with the 1,217,000 pro-

jected for this year. Between 1987 and 1990 the elementary enrolment is projected to rise by just under 14,000.

Wayne and Judy Johnson of Minden wish to extend their sincere thanks to Dr. Harriman and Dr. McGillivray, both of Peterborough Civic Hospital for their participation in the birth of their son, **Mitchell Wayne**. And also many thanks to the excellent nursing staff at the Civic Hospital. And an extra special mention to be made of both Dr. Pierce and Dr. Heyes of Haliburton and the kind and considerate nursing staff at that hospital.

Thank you all.

27-P-24

THANK YOU

The family of the late Mary Jane Bannon wish to extend their deepest thanks to friends and neighbours for cards, condolence during hours of their sorrow.

Special thanks to Dr. Good, G. Monk, nurses and staff of Hyland Crest, Haliburton Red Cross Hospital, also to Lieutenant Buell and ladies of Army Home League.

27-P-24

To the children of Haliburton County and the people of Rails' End Gallery:

I like you to know that it was a pleasure to be performing for you in this part of the Province.

Being the first time I visited this area, I'm leaving with a nice feeling and hope to come back.

I wish you can continue your support to any artistic expression in this county.

Thanks especially to your children for the feedback and also for the drawings.

Dario Domingues

27-CA-24

BIRTHS

MCCORD - Bill and Dorothy (nee Wallace) are proud to announce the birth of their son, **DARCY WILLIAM**, on March 17, 1982 in Peterborough. A brother for Ryan, and a new grandson for Norman Wallace of Carnarvon and Ernest and Viola McCord of Elora.

28-B-24

VARTY - Peter and Ann are happy to announce the birth of their daughter, **KIMBERLY MARGARET**, on March 18, 1982 at Peterborough Civic Hospital, weighing 6 lbs., 12 oz. Proud grandparents are Dr. and Mrs. Hilliard Varty and Mr. and Mrs. James R. Church, both of Toronto. Special thanks to Dr. Heyes, Dr. T.R. Froats and all the nurses on the fifth floor.

28-P-24

HUNTER, JOHN. In loving memory of a dear husband, father and grandfather who passed away March 22, 1981.

Those we love we never lose
For always they will be
Loved, remembered treasured,
Always in our memory.

Greatly missed by wife Eida and family.

32-P-24

SIMS - In loving memory of my dear husband, **BEVERLEIGH**, who passed away March 24, 1961.

He left us quietly,
His thoughts unknown.
But left us a memory
We are proud to own.
So treasure them Lord
In your garden of rest,
For when on earth
He was one of the best.

Lovingly and sadly missed
by wife Toots.

32-P-24

SIMS - In loving memory of a dear father, **BEVERLEIGH**, who passed away March 24, 1961.

Looking back with memories
Upon the path you trod,
We bless the hours we had
with you
And leave the rest with God.

Lovingly remembered, but
sadly missed by daughter
Helen and Ross.

32-P-24

In loving memory of **DON BIRD** who passed away March 23, 1980.

When evening shades are falling,
And we sit in quiet alone,
To our hearts come a longing,
If he only could come home.
Friends may think we have forgotten,
When at times they see us smile,
But they little know the heartache
Our smiles hide all the while.

Lovingly remembered by
Gloria, Darryl and Frank.

DEATH NOTICES

AT REST
At his home in Ravendale, Saskatchewan on Monday, January 25, 1982.

County council minutes

At the February meeting of Haliburton County council, the following matters were considered:

It was agreed that the Honourable Claude Bennett, Minister of Municipal Affairs and Housing be asked to study all the effects of a change in county status in conjunction with the Budget Committee.

The Honourable Betty Stephenson will be requested

to consider, notwithstanding the county's status, education grants, especially weighted factors; and Transportation Grants be kept at existing levels and be incorporated in any new Haliburton Act.

Accounts in the amount of \$88,293.97 were approved, representing cheques numbered 21 to 83 inclusive for the period January 20 to February 16, 1982.

By-law 1159, a by-law to consent to the passing of a by-law by the Corporation of the Municipality of Dysart et al to close, stop up and convey a portion of the original road allowance between Lots 25 and 26, Concession 5, Township of Havelock, was passed.

By-law 1162, a by-law to consent to the passing of a by-law by the Corporation of the Township of Stanhope to close, stop up and convey part of the original allowance for road between Lots 15 and 16, Concession 4, Township of Stanhope, was passed.

By-law 1163, a by-law to consent to the passing of a by-law by the Township of Stanhope to close, stop up and convey a portion of the original road allowance on part of Lot 10, Concession 1, Township of Stanhope, was also passed.

Wayne Moore of the Waste Management Branch of the Ministry of Environ-

ment addressed Council, and circulated terms of reference which had been drawn up with the Budget Committee, Warden, and County Engineer.

Proposals were requested from Consultant Engineers for the Waste Management Study.

Mrs. Pat Vanini and Mark Heishu of the Ministry of Municipal Affairs and Housing reviewed with Council the merits of Official Plans, and discussed the various approaches which might be considered.

Hyland Crest Committee of Management Chairman Murray Fearrey reported on the Collective Agreement recently negotiated. The Collective Agreement between Hyland Crest Senior Citizens' Home and the Canadian Union of Public Employees was ratified in accordance with Memorandum of Agreement dated January 25, 1982.

Sherborne, McClintock Livingstone minutes

At a meeting of Sherborne, McClintock and Livingstone council February 8, the following matters were considered:

Road Superintendent, Delbert Page reported to council on road conditions for the past month.

Road voucher #1 for the month of January, 1982 was approved for payment in the amount of \$8,273.98.

Council was in receipt of approved Subsidy Allocation from MTC for the year 1982. Total Subsidy of \$55,200 represented an increase over 1981 of some \$1800.

Arthur Haynes (Building Inspector / By-Law Enforcement Officer) reported to council.

Severance applications were reviewed:

Council recommended council be given to Land Severance Application under File #H-3/82 (Otto Geldschus) being lands located in Part Lot 1, Concession 13,

Sherborne Township. Consent was subject to Ministry of Environment approval on both retained and severed parcels and subject to approval for entrance off County Road #8 on severed parcel.

Council also recommended consent be given to Land Severance Application #H-5/82 (Eva Adkins) being lands located in Part Lot 15, Concession 10, Sherborne Township. The purpose is to create an easement of 66 feet. It is not to be a deeded right-of-way.

Gary Mace, appointed representative for the United Townships of Sherborne, McClintock and Livingstone to the Land Division Committee (Minden), notified council that he did not receive approval from Ministry of Natural Resources - therefore he would not be able to fulfill his recent appointment for the year 1982. Council will be looking for a

replacement to this Committee.

Pat McLroy and Robert Cowan made an appearance to discuss 1982 Insurance Portfolio.

General accounts were paid in the amount of \$703.71.

The amount of \$1,949.31 will be made payable to Totten, Sims, Hubicki Associates Limited for services rendered under Restricted

Area By-Law #839 during the year 1981 to the end of November 30, 1981.

The following remuneration will be made payable to Bruce Keown for the year 1982 for the service of garbage pick-up in the Oxtongue Lake area. January 1 to May 1, 1982 an amount of \$80 per month. June 1 to December 31, 1982 an amount of \$88 per month.

developed. As the afternoon whittled away and the newspaper began to be laid out, I raced to complete this last minute task.

In my haste, I ruined the film. A simple mix-up of the chemicals rendered the film useless and Miss Gibbs' photograph was lost.

Maple Lake Church is lucky, indeed, to have been associated with an organist who is obviously more disciplined than I.

Letters

To the Editor:

Thank goodness for honest people. Last week while shopping I lost a small amount of money. This week I have it back thanks to the honesty of Mr. Jim Ross of Wilberforce. He found the money in the I.G.A. store and returned it to me.

My thanks again to Mr. Ross and a tip of my hat to the girls in the I.G.A. for their participation.

Sincerely,
Bryan Abbs
Haliburton

To the Editor:

It is with much interest that we watch the activities of CNR relative to closing and abandoning the Lindsay to Haliburton subdivision. It is my understanding that the people who leased the property to CNR originally did so with the understanding that for 99 years there would be a daily train. CNR as a corporate citizen has failed to honour this obligation, and in fact I see now, that C.N. is going to dispose of a right-of-way, one perhaps they do not own.

The adjoining land owners to the right-of-way should speak up, as it is clear that C.N. has been known to shirk its obligations.

Cecil Burk
RR2
Minden, Ontario

To the Editor:

Have you heard the one about the latest Canadian Separatist Movement? The rest of Canada is going to separate from the Toronto local of the Canadian Postal Workers' Union. I for one, am jumping on the bandwagon.

Last spring, it cost me 17 cents to send a letter that took approximately 10 days to reach Buffalo, New York. Now, I pay 35 cents for a stamp for "Overseas Mail". It must go overseas, because it now takes two and a half weeks for my letters to reach Buffalo. And another two and a half weeks to get an answer.

On the other hand, the letters I send to Washington and Colorado take only three days each way.

Whose bright idea was that anyway? There is a wonderful word in the English language. The next time those postal workers make extravagant demands that cost us money, will somebody in Ottawa please say "No!"

Virginia Muenzel
R.R.#1 Haliburton

To the Editor:

We would like to thank you for the informative lesson on the newspaper business that you gave to our class.

The children were very interested and it is quite evident that each child gained an understanding, and an appreciation of a business that is relevant and important to him and his family.

We appreciated your time, and the way you presented the information to our students at their level.

Sincerely,
C. Boake and M. Welch,
Grade 1, Victoria Street School

To the Editor:

Those who remember the "Dirty 30's" will tell you (if they are Liberals) that those dark days were the fault of the Conservative Party.

How people change - today we're told by the ruling Grits that we're in a "Recession" (sounds nicer than the word Depression) because of World Conditions!

It's difficult to find anyone who will admit having voted Liberal in the last Federal Election.

Yours sincerely,
John E. Hooper
